

necessary and worth while.  
I don't think we are taking  
enough interest in Florida  
and West Indies relief as  
we should. Florida is in  
real need, the Red Cross  
needs much greater funds  
than have been sent. I  
know giving to campaign  
funds this year when the  
competition is so keen has  
about got everybody broke,  
but I think Florida is worth  
more to us than trying to  
get the postoffice for the  
next four years.

Yours,

**SEVEN PLANES**  
**AT FIRST GOAL**

Duke Leads Air Derbyists  
Reaching El Paso

One Flyer Forced Down on  
Desert En Route

Weather Hinders Start of  
Class A Entries

EL PASO (Tex.) Sept. 20. (AP)—Seven of the fifteen planes which  
hopped out from Los Angeles today  
in the Class A flight to Cincinnati  
had arrived here early tonight and  
municipal airport officials believe  
the rest remained in Tucson, Ariz.,  
for the night.

Of the seven to reach El Paso but  
one met with a mishap en route.  
Eugene Deimer of Tarrytown, N. Y.,  
was forced down on the desert when  
his Travelair developed engine  
trouble. He was shaken somewhat  
in landing and the landing gear of  
his plane was slightly damaged. He  
was sixth to reach El Paso, landing  
at 7:31 p.m.

Robert A. Duke of Pittsburgh,  
with Theodore Toney as a passenger,  
tasted across the desert here in his  
American Moth at 3:25:33  
o'clock the first to arrive. Toney at-  
tributed the lead to the fact that  
they steered a complex course and  
stepped only fifteen minutes at  
Tucson.

W. H. Emery, Jr., of Bradford, Pa.,  
followed in his Travelair at 4:41:11.  
He circled the field twice, apparently  
blinded by the floodlights. George  
Hopkins of Detroit, piloting a Sun-  
son, Jr., came in third at 4:45:38.  
He said he was able to see the beam  
light of the El Paso field for  
fifty miles.

Theodore W. Kenyon, Boston, in a  
Challenger, arriving at 6:58:16 was  
fourth and S. J. Whitman, flying a  
Pheasant, was fifth at 7:15:15. De-  
mer was the sixth arrival and H. S.  
Myres landed his simplex in at  
7:37, the seventh to land.

The derbyists will be on the start-  
ing line at 6 a.m. tomorrow, ready  
for the hop to Pine Bluff, Ark.,  
with a stop at Fort Worth, field  
judges say.

**TAKE-OFF DELAYED**  
**FIVE HOURS BY FOG**

Delayed by fog for five hours,  
seventeen airplanes hopped off  
from Mines Field yesterday morn-  
ing at 10 o'clock for El Paso, Tex.,  
on the first leg of their four-ho-  
Class A race to Cincinnati, while  
five other pilots were tuning up  
their motors preparatory to the  
start this morning of the Class B  
Cincinnati race.

But surpassing both races in in-  
terest is the Los Angeles to Cin-

**GRAPE SHIPPING CURTAILED**  
Hot Eastern Weather Brings New Warning to Hold;  
Heavy State Consumption Urged

SAN FRANCISCO, Sept. 20. (Exclusive)—With the warning that ev-  
ery carload of juice grapes about to be loaded for shipment to a glutted  
eastern market means a red-ink entry to the shipper, the California  
Vineyardists' Association ordered new curtailment of shipments today.

An absolute shutdown is pleaded by shipments of juice grapes for the  
coming Saturday, Sunday and Monday. This follows a similar  
move last week and a 65 per cent curtailment of shipments this  
week. The situation, it was an-  
nounced, is the most dangerous of  
the season and is due in large  
measure to the excessively warm  
weather in the East. Grapes are  
not being sold, according to the  
association, and will pile up on rail-  
road tracks with no chance of dis-  
position if they continue to go  
eastward from California.

**EXPLANATORY STATEMENT**

In an explanatory statement,  
Donald C. Conn, managing direc-  
tor of the C.V.A., said:  
"According to the unusually warm  
weather prevailing in the East, the  
heavy early shipment of California  
juice grapes are unable to find a  
market at profitable prices despite  
the successful shut-down period just  
completed."

"At the end of the shut-down pe-  
riod last Tuesday, grape growers  
were urged to restrict their ship-  
ments until further notice down to  
65 per cent of the daily forwarding  
as a last week. Eastern receivers now  
have advised that the heavy grape  
stocks on hand are not moving and  
that unless a curtailment of ship-  
ments is made immediately, the  
juice market will be ruined for the  
balance of the season."

**RED INK INEVITABLE**

"The association has recommend-  
ed, therefore, to the various dis-  
trict clearinghouse committees that  
there be an absolute shut-down on  
cincinnati nonstop race, which will  
start this afternoon with Art Goebel  
and Emil Burgin at the controls of  
the competing planes. Capt. C. B.  
D. Collier, round-the-world flyer,  
has been forced out of the race be-  
cause his plane will not be ready in  
time for the hop-off."

**SUNDAY FINAL DAY**

The Class A and B races  
must be in Cincinnati before Sun-  
day night in order to be eligible to  
receive portions of the \$20,000 in  
prizes, but the nonstop planes are  
expected to reach the Ohio city  
some time tomorrow. The flight  
should consume about sixteen hours  
if the weather is good, and the  
planes do not encounter other diffi-  
culties.

Arrival of the racers in Cincin-  
nati will be the signal for opening  
ceremonies to dedicate the city's  
new municipal airport, according to  
R. R. Rhythe, local representative of  
the race association, and more than  
100,000 persons from all parts of  
Ohio and Kentucky are expected to  
be present.

**"CEILING" LACKING**

The Class A race was scheduled  
to start from Mines Field yester-  
day morning at 9 o'clock, but weather  
predictions were correct and the  
fog was too heavy for flying. Re-  
ports received at the field were to  
the effect that there was no "ceiling"  
between here and Pomona and  
Rhythe awaited the lifting of the  
fog before giving starting signals.

The first plane was waved away  
at 10 o'clock, followed by the other  
sixteen planes at two-minute inter-  
vals. Although the starting time was  
placed early in order to give the  
flyers sufficient time to reach El  
Paso by night, it was believed that  
tail winds would speed the ships  
sufficiently to enable them to reach  
the Texas city in spite of the late  
starts.

The Class B race was for air-  
planes with motors having 510 cubic  
inches displacement or less and the  
Class A specifications are for dis-  
placement exceeding 510 cubic  
inches. Races in the former will  
fly through three control cities: El  
Paso, Fort Worth and Pine Bluff,  
Ark., with the privilege of stopping  
at intermediate points for fuel, but  
with loss of time counted against  
them, while Class B racers will be

Chicago Trade Publication  
Counsels Growers

Limiting Shipments to Good  
Quality Stock Urged

New York Dealer's Views on  
Situation Cited

CHICAGO, Sept. 20. (Exclusive)—If California grape growers would  
help themselves they must reduce  
shipments of their fruit to eastern  
markets and must be careful to  
send only good quality stock, as  
they are being urged to do by the  
California Vineyardists' Association.  
This, in effect, is what the Chicago  
Produce News says in articles on the  
grape market situation in the East.

One article from the News' New  
York correspondent concludes with  
the statement: "There might be a  
change for the better in later prices,  
but all agree that no high prices  
will prevail if anywhere near the  
same amount of grapes is shipped to  
New York this year as was  
shipped last year."

**VIEWS OF DEALER**

Another article from the same  
correspondent says James Toney, a  
prominent New York grape dealer,  
has just returned from a four-  
month's trip through California and  
Florida. While visiting California  
grape growers, the article states, Mr.  
Toney expressed upon them the im-  
portance of quality and pack. That  
his views on these subjects are  
sound has already been proved by  
the fact that the grapes his com-  
pany handled on this market dur-  
ing the past three weeks have com-  
manded high prices, chiefly on ac-  
count of their quality and grade.  
If all California growers would fol-  
low this example, there is no doubt,  
he believes, that they will realize  
much higher returns for their ship-  
ments not only in New York, but in  
other centers.

**REAL DRAWBACK**

This season opened about two  
weeks earlier than last year on  
juice grapes, the article continues,  
and prices naturally have been low,  
due to the excessive heat in the  
East and to the earliness of the  
deal. The real drawback, however,  
in the opinion of Mr. Toney, is the  
fact that the trade in general has  
been under the impression that the  
early estimate of the crop in Cali-  
fornia was much larger than last  
year and that they had plenty of  
time to do their buying. This in-  
formation has been an injustice to  
the growers in California.

While the outlook at present is  
not very promising in Toney's op-  
inion, the shortage of the total crop,  
as compared with last year, togeth-  
er with the able assistance given  
the growers by the California Vin-  
eyardists' Association, is bound to  
help the deal. As the season goes  
along prices should gradually im-  
prove and the wind-up is bound to  
be much better than last year, he  
adds.

## BOMB PLOT ON RASKOB FOILED

Asserted Blackmail Note  
Sender Arrested

Demanding \$100,000 on Pain  
of Certain Death

Trap Sprung as Suspect Calls  
for Forfeit

PHILADELPHIA, Sept. 20. (AP)—A 65-year-old man today is held in \$10,000 bail on a charge of threatening to blow up the home of John J. Raskob, Democratic national chairman, unless he was paid \$100,000. He gave the name of Frank Mooney of this city. The threats were contained in four letters sent through the mails. According to private detectives, Mooney admitted the charge. The letters were addressed to Mrs. Raskob at her home in Claymont, near Wilmington, Del. The first threatened to dynamite the home unless the money was forthcoming. Mrs. Raskob paid little attention to it, but when the second arrived she turned it over to detectives of the Dupont company of which her husband is an officer. FALLS INTO TRAP A trap was laid for the writer, but in the meantime a third letter was received. Mrs. Raskob was instructed to answer it and she did so, addressing it to general delivery, Philadelphia postoffice, as directed by the writer. Mooney called for the letters last night and was arrested by detectives of a local agency. The only witness against the

## HOOVER SENT HEATHER FROM LINCOLN MEMORIAL PLANTING

WASHINGTON, Sept. 20. (AP)—A shining, polished shell from the sandy shores of Palestine engraved with the star of Zion and wishing a "blessing to our next President, Herbert Hoover," and a symbolic cutting of Scotch heather, planted in 1865 in memory of Abraham Lincoln by a Nantucket fisherman, were received by the Republican nominee today. "Three weeks before Lincoln was assassinated," said Alice Owen Alburton of Nantucket writing for 81-year-old J. H. Wood, Sr., who sent the heather, "Mr. Wood was in the rowboat which was to take Lincoln ashore from a yacht. Lincoln

prisoner at a hearing before Police Magistrate Evan T. Pennock was William I. Stauffer, manager of the detective agency. Mrs. Raskob was not present. The first letter was received by Mrs. Raskob about two months ago. It was not signed, but directed her to reply in the personal column of a Philadelphia newspaper simply, "I comply, instruct." "I have descended," said the letter, "to what in all probability is the most despicable form of criminality—blackmailing, and while I am reviling myself for doing this my circumstances are of so desperate a nature that I have decided to cast all scruples to the winds and to risk all on one last appeal to the god of chance."

DESTRUCTION THREATENED The letter demanded \$100,000 in unregistered Liberty Bonds in a manner and in a place to be designated in a second letter. "I do not wish to harm you or yours," the letter continued, "but I must have these funds at once,

Special September used-car sale—turn to Times Want Ads.

## MINISTERS ACT AGAINST SMITH

Methodist Clergymen Use  
Convention for Action

Resolution Urges Citizens to  
Support Hoover

Official Paper Reels With  
Emphatic Language

SANTA ANA, Sept. 20. (Exclusive)—Declaring that the stand of Gov. Smith on the prohibition issue is a "creed of nullification and lawlessness," the Pacific annual conference of the Methodist Episcopal Church South in session here has adopted resolutions which call upon "all good, law-abiding and sober citizens to support actively the candidacy of Herbert Hoover" and the platform of righteousness upon which he stands.

TEXT OF RESOLUTIONS The resolutions in full follow: "Whereas, in the Presidential campaign, now absorbing the interest of the American people, a moral crisis is involved that has known no duplicate within a half century of our national development, and "Whereas, the issues that face us as a people go far deeper than mere political expediency and cannot be righteously settled by a simple statement of party loyalty or a vote on the part of each individual for the candidate of his party's choice, and "Whereas, two candidates are offered us: one a man of exemplary private life and public deportment, whose allegiance to the idealism that has made this nation great is unquestioned, a man who stands for law and order and whose walk and conversation among us are proof of his genuineness in his declaration of allegiance to the Eighteenth Amendment to the Constitution and of his determination, if elected, to enforce the laws that are upon our statute books; the other candidate being a man, whose political alignment, whose private deportment and whose public record are such as to cause wide-spread distrust of any promises he may make in this hour, a man who publicly declares against the Eighteenth Amendment and the Volstead law and pledges himself to do his utmost to modify and defeat the purpose of both, and

BEST INTERESTS UPHOLD "Whereas, we, as ministers and laymen of the Pacific annual conference of the Methodist Episcopal Church, South, desire to affirm our freedom from independence of any and all party allegiances that would bind us to vote against the best interests of our nation, against the moral well-being of the land of our nativity and against our own conscientious convictions, and "Whereas, our denomination is strongest in the Southern States, a land of Anglo-Saxon idealism, a land whose people love and honor the Constitution and believe in the enforcement of all laws upon our statute books, a land that is normally loyal to the Democratic party, to which most of us now declare our political allegiance under normal conditions, a land where our fathers have proven that no morsel of potage is sufficient price for the birthright of good citizenship which has ever been theirs, and "Whereas, in the nomination of Alfred E. Smith, the confidence of the South has been betrayed, the Democratic party has been converted into an instrument and tool of Tammany Hall, the society opposed to national prohibition, and those forces that seek to foster the drink evil upon our republic, which calamities have resulted from the cunning and dishonorable methods of designing men, over the protest of the Christian people of that large section of the United States where our denomination prevails,

RESOLUTIONS EMPHATIC Therefore be it resolved: "First, that we will not follow the leadership of any part into so great an evil as the candidacy of Alfred E. Smith denotes, nor will we in the November election support his candidacy and the creed of nullification and lawlessness which he has publicly proclaimed. "Second, that we call upon all good law-abiding and sober citizens of this nation to join us in this determination and to support actively the candidacy of Herbert Hoover and the platform of righteousness upon which he stands. "Third, that in taking this unqualified position, we affirm our entire loyalty to the doctrine of the complete separation of church and State, as proclaimed by our fathers, but demand, as ministers and laymen, all rights and privileges in matters of our relationship to our government that belong to all good and loyal citizens. "Fourth, that these resolutions be spread upon the minutes of this annual conference session, that copies of the same be furnished the secular press and that copies be also forwarded to the church press of our denomination throughout the territory where our people look to us for moral and spiritual leadership."

BISHOP LEONARD PLEADS FOR  
RIGHTS OF WOMEN OVER EVIL

UTICA (N. Y.) Sept. 20. (AP)—Bishop Adna Wright Leonard of the Buffalo area of the Methodist Episcopal Church today urged members of the area council in session here to hold to what he termed the "central issue" of the Presidential campaign and "see to it that the forces of righteousness are once again proven to be mightier than the forces of evil." "The question before us," Bishop Leonard said, "is not that of personal liberty or religious bigotry. It is a clear-cut issue. Is the ground to be lost that has already been won for prohibition? Are we to elect to the Presidency of the United States one whose personal and public life has been on the side of the wets, or are we to elect one whose personal and public life has been unqualifiedly committed to the enforcement of the Eighteenth Amendment and the Volstead Act? "On election day every pastor should do his utmost in his local community to make it possible for those who are qualified to vote to have the opportunity of casting their ballots."

# Rancho Santa Fe Offers Greatest Variety At Lowest Prices!

Climate of Rancho Santa Fe is considered ideal for breeding and training horses that Mr. Arthur Lewis established his stable here. One of his trainers shown above on one of the Lewis mounts.

Where else in California can you get what Rancho Santa Fe offers? At such low prices?

All estates are different in topography, size, shape, flora and view. Each has character, individuality, distinctiveness.

If you love trees, there are millions here. Lakes, valleys, mountains, the ocean, mesas, orchards, golf course, parks—you may have views from your windows of the bits of nature you really love.

All estates are amply laid out. No crowding. No sameness. Here in your home and grounds you can express your personality.

Considering environment, restrictions and opportunity for real living, Rancho Santa Fe property is far underpriced. Send coupon NOW for illustrated literature.

Estates as Large as an Acre Overlooking Golf Course\* for as Little as \$2,500

Large residential estates, overlooking 18-hole, all grass, \$500,000 golf course now building...surrounded by miles of smiling orchards with country homes...with gorgeous views of mountains, ocean and colorful mesas...in an established, productive community where values are guarded by protective restrictions...in the heart of America's finest climate belt...with bridle trails and parks within a block or two...in a section artistically laid out...with roads...and utilities (mostly underground) all included...for much less than an average 50-foot city lot. Send coupon below.

## A NEW VICTORY SIX BY DODGE BROTHERS

The DeLuxe Sedan

SMARTER, ROOMIER, MORE COMFORTABLE

With Famed Victory Performance Made Still More Brilliant

Striking improvements in beauty, comfort and roominess, set Dodge Brothers new Victory Six apart as a distinctive and impressively attractive motor car.

Best dimensions are more generous; cushions deeper and more luxurious; doors higher and wider; and passenger vision materially increased.

New Victory lines sweep gracefully forward to a radiator that expresses new ruggedness and power; and improved fenders further accentuate the vigorous and arresting charm of Victory Six design.

Moreover, new Victory Six construction insures many unique and vital advantages.

The wide Victory chassis frame, flush with the body lines, provides a

foundation for the body—which is directly mounted without sills. This remarkable construction lowers the all-important center of gravity, increases the head room, and eliminates the customary body overhang.

And as a consequence, the new Victory grips the road at the curves, travels rough pavement with incredible smoothness, obeys the four-wheel brakes instantly—yet with no discomfort to passengers. And provides a quality of pick-up, flexibility and fast, flashing action that we urge you most earnestly to investigate.

ALSO  
DODGE BROTHERS

## WORLD ORATORS PLAN FOR CLASH

Champions of Eight Nations Meet Next Month

Four Languages Will Be Heard in Contest

Brilliant Audience to Greet Youthful Speakers

WASHINGTON, Sept. 20.—Plans for the finals of the International Oratorical contest, to be conducted in the Washington auditorium at 8 p.m. Saturday, October 13, are being completed by Randolph Leigh, director-general of the contest.  
At present six nations besides the United States have chosen their spokesmen for the oratory meet. Three of these, the champions of England, France and Germany, are on the seas together, due to land at Boston Sunday on their way, with capital via Detroit, Niagara Falls, Toronto, Can. and Chicago. The Mexican champion is in the United States, while the Argentine youth is scheduled to begin his long voyage under the equator to reach New York October 10.

**AMERICAN READY**  
James R. Moore, the United States champion, who won the right to compete in the London meet at the national finals in the auditorium here in May, is at his home in Somerset, Ky. He will go from that city to Chicago in time to meet the European champions and the Canadian spokesman, who will leave his London (Ont.) home to join the party for a round of entertainment.

The contest field which will compete before a brilliant audience of American and foreign notables here next month as it stands today, with the speeches with which the boys will bid for world honors, follows:

Dudley Raymond Barker, 18 years of age, Southampton, a student of the Bournemouth school, representing England, with a speech on "The English Governmental System."

Rene Pontileu, 17, of Paris, a student at the Lycee Henri IV, spokesman for France on "French Thought and the Idea of Liberty."

**FROM CANADA**  
William Fox, Jr., 18, of London, Ont., a student at the London secondary school on "Canada's Future."

Estrin Brito Rosado, 18, of Mexico City, a student of the Mexican City high school, representing Mexico on "The Character and Future of Spanish Culture in America."

Heinz Barth, 18, of Berlin, a student of the German high school, representing Germany on "Unity, Justice and Liberty in the Development of the German Constitution."

Jose de Sarmiento, 18, of Buenos Aires, a student of the high school department of the Mariano Moreno National College, representing Argentina on "The Reform and Free Civilization of the Argentine Republic."

James Moore, 18, United States entry, on "The Development of the Constitution."

Cuba is conducting its national finals this week and the announcement of its spokesmen in the international meet probably will be made by Saturday.

**HEAR FOUR LANGUAGES**  
In the oratory meet four languages will be heard, with the United States, English and Canadian contestants using English, the French and German youth speaking the tongue of their respective lands, and the Argentine, Cuban and Mexican speakers delivering their addresses in Spanish.

To meet the exacting requirements imposed by the various languages a board of five multilingual judges will be appointed to select the victor. The nations represented have been invited to nominate candidates for the judging board, and several of them have sent the names of capable men to the international contest headquarters here. The personnel of the board will be made known about one week before the meet.

## STORMS LASH MEXICO AREAS

Vera Cruz Flood Causes \$5,000,000 Damage

Fields and Petroleum Companies Suffer

Rain and Heavy Gale Hit Port on West Coast

MEXICO CITY, Sept. 20. (AP)—A property loss of \$5,000,000, raging river floods and extensive damage to crops and buildings are described in newspaper dispatches from Tampico as the result of a heavy storm which has been raging in the region between San Geronimo and Tuxpan for several days. Petroleum companies suffered considerable damage.

The region affected is on the north coast of the State of Vera Cruz. William Green, superintendent of the La Huasteca Petroleum Company, was given authority for the \$5,000,000 estimate of damage. He was quoted also as declaring that the visitation was the worst of its kind that he had seen in his thirty years in that zone.

**CROPS DESTROYED**  
Heavy rains, lashed by strong winds, destroyed crops and Green said he had seen fields leveled as though swept by a scythe. Rivers reached flood stage, sweeping bridges away and destroying numerous houses and drowning cattle. No loss of life has been reported.

The La Huasteca and La Huasteca petroleum companies suffered their losses when the floods damaged docks and other equipment and carried away barges whose steel mooring cables were snapped by the forceful waters. The dispatches said the Laja and Tanchinquin rivers carried cattle, parts of buildings and other storm wreckage into the Gulf.

**WEST COAST HIT**  
A dispatch to El Universal from Ciudad Guzman, in the State of Jalisco, said that it had been raining there seventy-two hours. Roads were impassable and some of the city streets were flooded.

Another violent storm is reported in a dispatch to the same newspaper from the west coast seaport of Manzanillo in the State of Colima. A heavy gale pounded the harbor and forced the steamer Washington to cast loose her moorings in order to avoid being pounded against the docks. There had been two days of steady rain there and the usual supply of provisions from the surrounding country has been cut off because farmers can not reach the city.

## Barron Takes on Medill in Feature at Hollywood American Legion Stadium Tonight

## OLD RIVALS TO MINGLE AGAIN

Milwaukee Puncher Favorite in Rematch Bout

Only Blotch on Record Came in Barron Battle

Fine Supporting Card Will Precede Big Title

A pair of young lightweights trying to climb the ladder of pugilistic fame are the main event at the Hollywood American Legion stadium tonight.

Hollywood American Legion stadium tonight. Barron, a promising Mexican who has been brought along like a thoroughbred racehorse, and Joey Medill, a Milwaukee native, are heading the boxing card and Medill is a favorite in spite of the fact that Barron beat him here in Los Angeles a year ago. The dope can be upset very easily tonight if Barron comes loose and fights as he knows how. The Mexican has plenty of natural ability and only lacks confidence in himself.

**WANTED BATTLE**  
Joey Medill wanted a rematch with Barron so he could prove he is a better fighter and his defeat by the Mexican didn't prove anything. Medill has had fifty-three fights and lost only to Barron. His greatest triumph was when he beat Tommy Crockett, the Canada lightweight who is a sensation in the East. Crockett is now on a par with Jimmy McLarnin and being groomed for a title fight.

If Medill gets the fight he will probably get Doc Seale as his next opponent and if Barron wins he will be pitted against some headliner in the light-weight division. Medill has the confidence and he looked good when he stopped Mike Waters two weeks ago.

As an added attraction Art Goebel will be presented to the fight fans just before the main event. Goebel, the noted flyer, is a Hollywood boy. He will be presented with a gold wrist watch just before the main event by Hollywood Post & American Legion.

**CLASSY CARD**  
The card as a whole tonight is one of the best Tom Gallery has arranged for the stadium fight fans in months. It is well balanced and the fighters appear well matched. Tom Moore, a big slugging lightweight, is meeting a stranger to the stadium fans. Jess Delmotte, who has been a steady performer in the second spot, will meet the local favorite, Red McDonald, and Wendell Long will open the show.

**Braves Split Double-Header**  
BOSTON, Sept. 20. (AP)—Cincinnati swept its way to a 7-to-3 win over Boston in the opening game, but lost the nightcap, 9 to 5, here today after the Braves had made eight runs in the first inning. In this inning Bell hit a home run into the left-field bleachers, matched the bases full. His single in the seventh gave the Braves another run. Pincus hit for the circuit off Canfield in the eighth with two men on. Score:

## Reds Double Play Total

Near Record

CHICAGO, Sept. 20. (AP)—A new major league double-play record is almost certain to be established this year.

With ten days to go the Cincinnati Reds already have set a new National League mark with 170 double killings and are only three short of the Major League record of 182 made by the Washington Senators in 1923.

The National League record of 174 was made two years ago by the Chicago Cubs, who have executed 173 this year.

## Keller Leads Medalists in Riviera Play

(Continued from Ninth Page)

Line 53 to tie with Eddie Mayberg and Cliff Castle.

Keller's excellent showing was not a surprise, as the Rancho golfer is rapidly climbing to the top. He won the medal in the Southern California amateur and shoots to a handicap.

Here is his card:

Par (out)	544 363 444-32
Par (in)	444 363 444-32

Castle's 20 puts him in second place, 9 down to par.

B. H. Harris led in the match play, 4 to 13 handicap division, 3 down to par. G. E. Platt won the medal for eighteen holes with an 86.

Third division leaders up to 15 handicaps in the match play were D. K. Bedham, 4 down, and R. S. Seltzer, 7 down.

F. C. Stevens, Jr., 19-year-old Lakewood golfer who recently returned from Europe where he played over the summer, was the only entry in the Junior division. He tied off with his father, R. C. Stevens, Sr.

## JUNIORS OUT SATURDAY

The juniors, however, will descend on Riviera in a bunch tomorrow and Sunday to show their seniors how to play the game. Charles Seaver, former Southern California Junior champion, Jimmy McMillan, Dan Sanger, Buddy Thompson and Bud Lawson will play tomorrow. Jack Mackay, Dick Thompson and Marshall Morrison have reserved Sunday starting times.

Among the prominent seniors who will play tomorrow and Sunday are E. H. Seaver, W. G. Hinnat, R. W. Lawson, R. S. Brown, Nat Derrich, G. E. Corne, R. S. Armstrong, Vic Girard, Harold Thompson, W. C. O. Smith, Johnny J. Mescal, A. C. Barbee and many others. Numerous reserves also are entered, made for the mixed foursomes, which will be played Sunday morning.

Competing golfers in the Riviera tournament have expressed a great deal of satisfaction in the "two in one" tournament idea, and Smith is to be commended on the evident success of the club's first annual invitation play.

## LARGE ENTRY

Dick claims that he has a better idea for next year's tournament, however, and unless someone uncovers his plans in the meantime, he promises the best tournament in history next time. June has been tentatively selected for the second annual event.

Here are yesterday's results:

## 10 TO DIVISION, MEDAL PLAY

1st—Leon Keller.  
2nd—Paul Jones.  
3rd—W. L. Julliffe.  
4th—W. L. Julliffe.  
5th—W. L. Julliffe.  
6th—W. L. Julliffe.  
7th—W. L. Julliffe.  
8th—W. L. Julliffe.  
9th—W. L. Julliffe.  
10th—W. L. Julliffe.

## MAYOR PLAY VS. PAR, 9 TO 8 HCP

1st—W. L. Julliffe.  
2nd—W. L. Julliffe.  
3rd—W. L. Julliffe.  
4th—W. L. Julliffe.  
5th—W. L. Julliffe.  
6th—W. L. Julliffe.  
7th—W. L. Julliffe.  
8th—W. L. Julliffe.  
9th—W. L. Julliffe.  
10th—W. L. Julliffe.

## 10 TO DIVISION, MEDAL PLAY

1st—W. L. Julliffe.  
2nd—W. L. Julliffe.  
3rd—W. L. Julliffe.  
4th—W. L. Julliffe.  
5th—W. L. Julliffe.  
6th—W. L. Julliffe.  
7th—W. L. Julliffe.  
8th—W. L. Julliffe.  
9th—W. L. Julliffe.  
10th—W. L. Julliffe.

## MEDAL PLAY, 11 TO 18 HCP

1st—W. L. Julliffe.  
2nd—W. L. Julliffe.  
3rd—W. L. Julliffe.  
4th—W. L. Julliffe.  
5th—W. L. Julliffe.  
6th—W. L. Julliffe.  
7th—W. L. Julliffe.  
8th—W. L. Julliffe.  
9th—W. L. Julliffe.  
10th—W. L. Julliffe.

## DR. RANKIN WINS DENTAL TOURNEY AT LAKESIDE

Dr. L. D. Rankin won the opening tournament of the Southern California Dental Golf Association at Lakeside yesterday with a 79-8-73. More than 130 golfers entered the play.

Competition was exceptionally keen in Class A. O. G. Sues, 80-5-74, won second place. C. E. Burt, 81-11-70 and F. M. Freeman, 81-14-67, tied for third place while a three-way tie between R. C. Rockwood, 87-14-72; G. F. Rice, 87-14-73 and F. P. Merchant, 87-14-73 existed for fourth place.

C. Steiner won Class B honors, 92-21-71. W. S. Rye and W. E. Walker tied for second place. The former shot a 93-20-73 and the latter 91-16-73.

Class C trophies went to Leo P. Rosen, 92-26-71; J. A. Lynn, 92-26-72 and A. O. Farmer, 92-23-73.

## HOMERS DECIDE NATIONAL GAME

Harper's Three Blasts Win for St. Louis Crew

Hogan Produces in Second to Humble Alexander

Leaders Stay Even in Dash for League Flag

(Continued from Ninth Page)

night but a promising chase for the fighting young men of McGraw.

Defeat in the second game was a heart-breaker for the old campaigner, Alexander, who was out-pitching his youthful rival, Carl Hubbell, and seemingly headed for victory until the cracks in the Cardinal defense paved the way for the big Giant rally in the eighth. There were two out in this frame when a passed ball by Jimmy Wilson let in O'Doul with the first Giant run. An error on Jackson's grounder by Rabbit Maranville a few minutes later, giving the bases where there was an easy opportunity to retire the side, gave Hogan the chance he seized by lifting the ball into the left-field stands.

With one out O'Doul and Ott opened the decisive attack in the eighth with singles. Lindstrom drove a long fly to Douthett that advanced O'Doul to third base from where he romped in on a passed ball. Bill Terry walked, then Maranville juggled Jackson's grounder to fill the bases and the rest of the story is all about Hogan's homer.

Harper's spectacular hitting played the biggest part in the downfall of Benton, the Giant's ace, in the first game. Two of the Cardinal outfielders, three circuit blows were made off Larry the Red, the first starting the scoring in the second inning with nobody on, the second coming in the sixth with two on base and boosting the Cardinal lead to five runs for the time being. The third was his off the veteran Jack Scott in the eighth, followed by the same right-field target by Chief Hatley.

Harper had a chance to equal the all-time record of four homers for a single game when he came to bat in the fifth inning. It was the well-known story-book setting for our hero, with the bases full, but prosperity was too much for Georgia.

The first game of the season, the Cardinals' victory over the Giants, was a victory so vicariously that Rabbit Maranville had to drag him away from trouble and toward the bench.

Sherdell was hit hard by the Giants in three successive innings, the fifth, sixth and seventh, but the breaks were against him in the sixth, when his support wobbled. In that inning, after Harper had misjudged Reese's two-bagger, Lindstrom rained a short, high fly to right that looked like an easy third out. Instead, Maranville, Hatley and Douthett drilled Alphonso and Georgia's right fielder, Lindstrom, dashed home with one run and big Frank Hogan took advantage of the "break" to smash a homer into the left-field stands, accounting for two more.

This aroused the Giant fighting spirit to such an extent that they came back in the seventh and pulled up to within one of the Red Sox when Andy Cohen lapped another homer, with Bill Terry on base.

Sherdell settled down in the last two innings, repelling further Giant sorties, while Hatley and Harper put on their magic-run out in the eighth to make the outcome a certainty. Score:

## RABBIT PUNCHES

PAUL LOWRY

THAT NIXON PERSON

REPORTS are trickling in from the sagebrush center of Pomona that Eugene White Nixon, the writing genius who coaches football as a sideline, is not likely to repeat his 1927 triumph in Southern Conference pigskin circles.

Similar reports have been heard before. Frequently in years gone by the campus correspondent has written stories that Eugene White was confronted with the terrible situation of teaching a lot of boys how to punt and buck who never saw a football before.

In some quarters these stories evoked considerable compassion for Eugene White. But such sympathy is wasted. Eugene White needs none. He is probably the best small-college coach in the country.

Annually he takes a bunch of green rookies and by the time the big game with Occidental rolls around they're the finished product. He has the goods and his rival coaches know it. The Nixon system has been tested and not found wanting. Since coming to Pomona back in 1916 he has won more football championships with the Sages than all the other conference coaches put together.

It is with this knowledge in mind that I frown on the misanthropic utterances of our 1928 campus correspondent. I know Mr. Eugene White Nixon's ability. I am one of his biggest admirers. I know that his team will be the team to beat in the Southern Conference. If the other fellows don't know it the tipoff is free of charge.

## DEMPEY IS RIOT

M. R. JACK DEMPEY's ability as a thespian fighter seems to be the only thing that has saved "The Big Fight" from total oblivion.

The critics can see little to rave about in the tedious play that opened in New York Tuesday night, but they certainly went into ecstasies over Jack's stage thrash.

Appearing in the famous black and red bordered lights which he waged the "Battle of the Fourteen Count" against Gene Tunney in Chicago almost a year ago, the Manassas Manier is reported to have created a near riot when he put up his dukes.

And Mr. Tex Rickard, standing in the wings of the theater chewing meditatively on the end of an unlighted cigar, must have had severe pocket pains when he observed the tremendous display of the ex-heavyweight king.

Mr. Rickard undoubtedly thought to himself what a difference it would have meant at the gate had Mr. Dempey been fighting Mr. Tunney recently instead of the plodding Tom Meany.

The quarter-of-a-million loss suffered by Mr. Rickard and his millionaire friends undoubtedly would have been turned into a net profit.

They say Dempey is a real hit, but the guy that gets hit in "The Big Fight" is the ex-Los Angeles freeman, Ed. Sam. Ralph Smith, who is on the receiving end of the Dempey punches. Dempey never was easy on his sparring partners, and it is not likely he has changed just because the place is a play.

Ralph may last the winter out but he'll never be the same.

## BABY SAL PASSES

JOEY SAL BORIO seems definitely to have passed out of the picture as a future championship prospect. The beating he got at the hands of Joey Sauer and the one other night from Ignacio Fernandez did him no good.

Sal has gone back instead of forward. He was fighting wide open against Fernandez and had the Filipino possessed a damaging wallop Sal would have been stopped long before the ninth.

Sal apparently has one deficiency that will effectively stop higher advancement. He has a single track mind—at least he displayed no other against Sauer or Fernandez.

He fights in mechanical fashion, doing the same thing over and over again in the same old way. Changed situations mean nothing to him. He has to click one way or not at all.

## OAKS TRIM STARS AGAIN

(Continued from Ninth Page)

times at bat, which ought to boost his average around .300.

After Graghead had fanned Smith and Craylie to open the Hollywood second, Mickey Heath put the Stars off to a slow start by smacking a home run over the left center-field wall. Olsenbecky walked, stole second and continued to third on a Pete Reed's two pass.

On Graghead's second up, and heaped Wetsel's hard bouncer and tossed the Shell slasher out at first to end the inning.

A walk to Heath, Olsenbecky's sacrifice, which Reed picked up and threw wild to second to permit Heath to take third, and Dean's fumble of Basler's grounder gave the Stars a 3-0 lead in the second.

Wetsel sacrificed the boys to second and third, where they remained helplessly while Graghead disposed of Lee and Dean, who intentionally let a (nose out in which) Reed's home run attempt at the rally business.

The Oaks tied it up in the fifth, when Frasier singled for a star and Dean followed by working Wetsel for a walk. Fenton popped to Olsenbecky, but Arlett started to center to score Frasier and Dean on a throw.

Arlett was out at second on an attempted double-play, Basler to Kerr to Heath to Lee and Dean, who held at third. Brooks walked and then Lyn Lary smacked a single to center that put Dean over with the strike.

Arlett was out at second on a throw to the left and Lary took second on the throw-in. Vegas, however, letted to Carter to end the inning.

# NEWS OF SOUTHERN COUNTIES

## Prize-Winning Exhibits Selected at County Fair

Striking Booths Claim Honors at Pomona Exposition. At top is first prize entry among feature county exhibits, shown by Orange county. Below is the booth adjudged best among citrus feature exhibits, entered by the La Verne Orange and Lemon Association.

### WALNUT PACKING STARTED

San Fernando Valley to Show Increase Estimated at Nearly Fifteen Per Cent

NORTH HOLLYWOOD, Sept. 20.—The enlarged packing plant of the San Fernando Valley Walnut Growers opened today to receive the 1928 walnut crop. It had been estimated that the yield this season in the valley would be about 700 tons, an increase of 15 per cent over the figures of last year. Recent hot spells, it is stated, will cut down this increase to some extent.

### VALLEY BEAN CROP SHOWS GOOD PROFIT

RESEDA, Sept. 20.—There will be a yield of about 150,000 100-pound bags of baby lima beans in San Fernando Valley this year, according to announcement of J. H. Walters, manager of the Bean Growers' Association, and growers will receive more than \$1,000,000 for the crop. The September price for the first half of October delivery is \$7.50. For the last eight years the average price on baby limas has been 50 cents lower. Beans are now being harvested in all parts of the valley.

### CITRUS GROWERS HAPPY

Association Reports Record-Breaking Season With Another in Prospect

ONTARIO, Sept. 20.—Returns from the orange and grapefruit district through West Ontario Citrus Association yielded the growers \$1,208,086.65, which set a new record, 350 grower members and officials were told today during the annual meeting at the packing house. A remarkable season in citrus is 25.5 per cent increase in cash returns.

### PARLIAMENTARIAN NEEDED

Fine Points of Election Rules Puzzle Monrovia Veterans in Vice-Commander Vote

MONROVIA, Sept. 20.—Acclaimed as one of the liveliest elections in the history of Monrovia Legion Post, a race between candidates running for the office of first vice-commander resulted in a contest with the victor as yet undecided. The annual election of officers took place last night when Ted Laveson, was elected commander of the post succeeding John R. Harris. Others in the new cabinet are Edwin Whitcomb, adjutant; Elden Cooper, second vice-commander; Fritz Petersen, historian; C. E. Parkinson, treasurer; Edward Malm, sergeant at arms; Joe Hume, Jack Harris, John Sturgeon, Ed Riden, Harry Fredericks and Bartie Harvey, compose the executive committee.

### Gambling in Ventura Told by Witness

VENTURA, Sept. 20.—The gambling situation in Ventura was given a flare of publicity today when Mary Kellogg Watson was granted a divorce in Superior Court from Randolph Watson by Judge Edward Henderson. Mrs. Watson testified that her husband, after months of absence from home at night, explained to her that he was employed by the Bachelors' Club to conduct gambling games in its rooms. Judge Henderson interposed the remark, "and with the full sanction and license of the city of Ventura."

### CITRUS GROWERS HAPPY

Association Reports Record-Breaking Season With Another in Prospect

ONTARIO, Sept. 20.—Returns from the orange and grapefruit district through West Ontario Citrus Association yielded the growers \$1,208,086.65, which set a new record, 350 grower members and officials were told today during the annual meeting at the packing house. A remarkable season in citrus is 25.5 per cent increase in cash returns.

For a final decision on first vice-commander, the post voted to take the matter up with the departmental parliamentarian, Otto F. Sahn and Edwin R. Whitcomb were on the ballot for the office, and following the nomination of V. R. Bush as a candidate Whitcomb withdrew from the race. Two ballots were cast, but neither candidate received a majority on the first. However, it was declared that Bush was elected on the second. On the first ballot eighty-eight votes were cast, and of that number forty-five votes were necessary to declare the successful candidate. Sahn received forty-three votes, Bush forty-one, Whitcomb one, and three votes were thrown out for illegal marking. The second ballot with eighty-seven votes cast required forty-four votes for the winner. Bush was elected with forty-five ballots and Sahn received forty-two.

### OLEARY NOMINATED BY PASADENA LEGION

PASADENA, Sept. 20.—David J. O'Leary, former adjutant of the Legion post, was nominated last night for post commander by Harold B. Landreth at the regular semi-weekly meeting in the Legion clubhouse, 131 North Marengo avenue. Keeton Arnett was nominated for vice-commander, Albert Engvall for second vice-commander and Harry Sherwood and B. D. Brown were nominated for treasurer. The election will be held October 3, when additional nominations may be made.

### NEW LEGION COMMANDER

BREA, Sept. 20.—Forrest Hurst was elected to succeed Harry Yarbrough as commander of the American Legion post at the annual election meeting of the post held last evening in Legion hall.

### GOV. YOUNG AT POMONA FAIR

Executive and His Party Witness Horse Show

Attendance Records Broken on Long Beach Day

Unanimous Decisions for Winners of Prizes

POMONA, Sept. 20.—Arriving ahead of his announced schedule, Gov. Young and a group of State officials arrived at the county fairgrounds tonight in time to witness the horse show. He and his party will remain to view the exhibit tomorrow.

Today proved to be the banner day thus far when thousands of guests from Long Beach and practically the entire populace of this city swarmed over the fairgrounds. The attendance exceeded that of the corresponding day last year by nearly 2000, the official check revealing that 28,282 paid admissions were checked at the gates.

AWARDS DECLARED  
Awards were completed in the feature exhibits of the various classes, the judges agreeing unanimously in every case. The awards were listed as follows:

For best feature exhibit entered by counties, Orange county, first; San Joaquin county, second; Ventura county, third; San Bernardino county, fourth; Mendocino county, fifth; El Dorado county, sixth; Los Angeles county entered but not in competition.

For best feature display entered by chambers of commerce: La Verne, first; Escondido, second; Azusa, third; San Dimas, fourth; Glendora was given a special prize for its beautiful exhibit in this class.

For best nursery stock feature exhibit: Armstrong Nurseries of Ontario, first; Hobbs-Gregg Nurseries of San Dimas, second.

For best citrus display: La Verne Orange and Lemon Growers' Association of La Verne, first; Ontario Chamber of Commerce, second; Anaheim and Valencia Orange Show, third.

For best feature display of agricultural and horticultural products entered by firm or association: Victorville Fair Association, first.

For best feature display by individual grower: A. I. Michael, Pomona, second; Elta Reynolds, South Los Angeles, third.

For best feature display of walnuts: Puente Chamber of Commerce, first; Lions' Club of El Monte, second.

### RACES STRONG ATTRACTION

The matinee horse races, held daily beginning at 1:30 p.m. on the half-mile racetrack before a huge grand stands, proved to be the main attraction yesterday. The stands were packed to capacity, while hundreds of people crowded the track.

Starter Frank Leisinger had arranged the best card yet seen at the local track, with three horses and three running races, several of which proved thrilling from start to finish. Vaudiville stunts interspersed between races have proven popular with the crowds and help to relieve the monotony of waiting between races.

The horse show last night, the second of the week, proved to be a brilliant and beautiful display, not only of fine horse flesh and fair riders, but also from a floral standpoint. Manager C. B. Afterberger, superintending a score of assistants and professional decorators, has succeeded this year in placing the horse show in a veritable bower of flowers, forming a pleasing background for the many events. The awards night was scattered, outstanding ones being Barcarolle, owned by Marjorie and Alice Marston of San Diego, who won first award in the junior five-gaited class; Budora, owned by Ben R. Mayer of Beverly Hills, first in heavy-harness eight-in-hand; and the magnificent eight-in-hand display won by an octet owned by Ruby and Bowers, nationally known horsemen from Portland, Or.

### CLUBS IN EVIDENCE

Yesterday was designated as Club and San Bernardino County Day, which brought out thousands of service-club members, arrangements having been made in practically every case for the delegations to be seated in a body in the main grand stand at the races.

### WIND FANS FOREST FIRE

Blaze Now Threatens Ranch Property in Chula Vista Valley Near San Diego

SAN DIEGO, Sept. 20.—Swept by shifting winds into San Diego county, the large brush fire which has been burning for two days in the vicinity of Beauty Peak, one mile north of the San Diego-Riverside county line today, was approaching the Chihuahuas Valley and threatening several ranches, according to J. E. Elliott, supervisor of Cleveland National Forest. Elliott left at noon today with Chief County Fire Warden Lather Gordon of La Mesa to direct the efforts of a crew of men.

When the fire started Tuesday, it has not been of much value, he said. A second fire which has been burning a few miles north of the San Diego-Riverside county line for two days, having started near Agua, today was reported to be burning on Coahuila Mountain having entered the San Bernardino National Forest area. A large crew, including 100 Sherman Institute Indians, is battling this fire, which is said to be several miles in length.

Gordon reported that one county fire in McKane Valley, north of Boulevard, was burning today. Warden Archie Bedford has been sent to take charge of the fighting of the fire, Gordon said.

### CHEWING GUM BOY'S DOWNFALL

Chinese Youth Wanted Just Enough Money to Jingle in Pocket

CHINO, Sept. 20.—An insatiable craving for his mouthful of chewing gum and silver coins to jingle in his pockets, inspired Jesse Placillas, 11-year-old Chino youth, to launch a petty robbery campaign that baffled peace officials for weeks.

Due to the manner in which the youth was captured by Chief of Police Harold Henry, the boy is said to have chosen second-story methods for his thefts. Chief Henry lay in wait in the Ten Eyck hardware store. Late in the night he heard someone on the roof and placed the boy under arrest.

In his asserted confession to a number of store robberies, he said chewing gum was what he wanted and said he never took all the money from tills he tapped, being satisfied with just enough coins to jingle in his pocket.

Flannels, white shirts and marine caps, and won high praise for their musical ability. The band, organized just one year ago, has a personnel of thirty young musicians who have made rapid strides.

### CHAMPION HOPPER OF STATE DIES

Leaping Lena, Riverside Batrachian, Succumbs on Eve of New Victories

RIVERSIDE, Sept. 20.—Leaping Lena, the lady batrachian, who won the Sacramento State Fair jumping contests with a prodigious leap of eight feet, three inches, died here today while under training for the frog-jumping contests of the Southern California Fair Association.

Lena had been in bad shape ever since her return to this city from Sacramento. It is believed that the sudden change in temperature from the cool fish and game exhibit, where she was kept in the north, to the semitropical warmth of her Riverside home in a botanical garden, developed a mysterious and fatal catarrh.

The champion frog was an everyday specimen of the species "Rana Chironomus," a common American bullfrog. She was discovered by Mrs. Cecilia Cravens, secretary of the Southern California Fair Association, and carefully trained for the contests at the State Fair. Although smaller and younger than the other frogs entered, Lena won first prize without difficulty.

In person, Lena was very modest and retiring. She was a particularly handsome frog, with a green-striped body, brilliant and protuberant amber eyes, and delicately shaped feet. A public funeral will be held for Lena during the fair, which opens Tuesday.

### SANTA BARBARA GIVES TO STORM VICTIMS

DONATIONS TO SANTA BARBARA'S quota in the Florida and Porto Rico hurricane relief fund had reached a total of \$1975 today. Whether or not the city's quota will remain at \$4000 was uncertain, in the opinion of H. M. Stanfield, secretary of the Santa Barbara Red Cross chapter.

Mr. Stanfield stated that the amount may be increased or lowered, according to the dictates of the national relief organization, which is in direct touch with conditions in the stricken area. A total of \$250 was received in money to Red Cross headquarters yesterday afternoon, and amounts received during the day were divided among the three chief sources, namely, banks, hotels and the mail.

### MCCALLA ELECTED

SANTA ANA, Sept. 20.—Roland McCalla of this city was elected chief of the Santa Ana Red Cross chapter at the annual election of officers. McCalla was in charge of last night's program which, with the business session, drew nearly 100 voyagers from all parts of the county.

### WIND FANS FOREST FIRE

Blaze Now Threatens Ranch Property in Chula Vista Valley Near San Diego

SAN DIEGO, Sept. 20.—Swept by shifting winds into San Diego county, the large brush fire which has been burning for two days in the vicinity of Beauty Peak, one mile north of the San Diego-Riverside county line today, was approaching the Chihuahuas Valley and threatening several ranches, according to J. E. Elliott, supervisor of Cleveland National Forest. Elliott left at noon today with Chief County Fire Warden Lather Gordon of La Mesa to direct the efforts of a crew of men.

When the fire started Tuesday, it has not been of much value, he said. A second fire which has been burning a few miles north of the San Diego-Riverside county line for two days, having started near Agua, today was reported to be burning on Coahuila Mountain having entered the San Bernardino National Forest area. A large crew, including 100 Sherman Institute Indians, is battling this fire, which is said to be several miles in length.

Gordon reported that one county fire in McKane Valley, north of Boulevard, was burning today. Warden Archie Bedford has been sent to take charge of the fighting of the fire, Gordon said.

### EX-INSPECTOR INVITES ARREST

Archie Oates Voluntarily Returns to Calexico

Fugitive for Months Gives Himself to Policemen

Release Under \$5500 Bail Ordered in El Centro

CALEXICO, Sept. 20.—Archie E. Oates, former customs inspector here, and for the past six months a fugitive from justice in Mexico, surrendered to Patrolman John Adkins of the Calexico police last night and stated he was ready to accept service of Federal warrants charging smuggling and conspiracy to violate the immigration laws.

Oates was placed in custody of Deputy United States Marshal Charles D. Hartshorn at El Centro and later was released to United States Commissioner Dorsey B. Whitlaw under \$5500 bond. Last March, Oates's automobile, driven by a Mexican and containing three Chinese who were found to have entered the country illegally, was taken in custody by immigration officers near Lodi, Calif. Oates was indicted by a Federal grand jury, but before he was arrested he slipped across the border into Mexico, where he is reported to have been several times since. The Mexican involved in the case is now in San Quentin. He and others implicated Oates in the asserted smuggling.

### Valley Sewer Data to Come Before Council

VAN NUYS, Sept. 20.—It is given out here today that the Health and Sanitation Committee of the City Council will go before the Council as a whole next Monday at 10:30 a.m. to present its recommendations regarding the building of the outfall sewer line into San Fernando Valley.

Gordon I. McDonough, manager of the San Fernando Valley branch of the Los Angeles Chamber of Commerce, with headquarters here, has urged all members of the chamber as well as others, to be present so the valley's interest in the sewer matter may be strongly represented. The recommendations of the Health and Sanitation Committee virtually are predicted on the survey of Engineer Knowlton who has been making a study of the sewer line for several months.

Knowlton estimates it will cost \$22,240 to build the valley system, the expense of which, it is recommended, can be defrayed by an allocation of sewer bond funds voted in 1922 and from money in the general fund. The remainder of the bill is to be paid through a suggested assessment district to be formed along the entire route of the sewer line from the Burbank city limits to the western terminus of the line.

### Bold Burglar Walks Away as Family Comes

MONROVIA, Sept. 20.—Making a safe getaway with several hundred dollars' worth of jewelry, silverware and small articles of value, an unknown man burglarized the home of Dr. J. M. Furstman, district health officer, here yesterday afternoon taking his leave by the front door as Mrs. Furstman entered her home from the rear. Hearing a noise and later seeing a general upheaval of the house, Mrs. Furstman called to what she thought might be an agent and became alarmed when he did not stop. After finding drawers and closets in a general upheaval, Mrs. Furstman notified Chief of Police Scott who detailed Officers Phillips and Boller on an investigation.

The burglar evidently was surprised by the arrival of the Furstmans, as he had laid out several suits of clothes on the bed, apparently to take with him. Dr. and Mrs. Furstman had been in the house during the morning and returned at about 2 o'clock. Dr. Furstman went on to his office after leaving the house. Mrs. Furstman was taking fingerprints from bureau drawers and other pieces of furniture about the house today in an effort to identify the culprit.

### ORGANIZED TALKFESTS OCCUPY LOCAL TALENT

ONTARIO, Sept. 20.—The general public of Ontario may expect considerable speech-making this fall and winter as two toastmasters' clubs for men and possibly one for women swing into action. One of the men's clubs for speeches opened the season last night with a program at American Legion Hall. D. E. Easley is president. The other club for men will start its program of talking October 3. Ole Snyder is president of this club.

### LUNCHEONS RESUMED

GLENDORA, Sept. 20.—Weekly luncheon meetings of the local Chamber of Commerce will be resumed next Monday, according to announcement made by Julius Jorgensen, newly elected secretary. The luncheon meetings were discontinued in July for the usual two months' summer vacation. New business for the coming year will be outlined, Jorgensen said.

## EDISON INCOME CONTINUES GAIN

Utility Issues Eight Months' Operating Report

Net Available for Dividends \$2,101,764 Higher

Figures for August Sharply Up Over 1927 Period

Indicative of the growth in business activity of the Southern California Edison Company as well as the gradual expansion of operations, earnings for August and the eight months of the current year exceeded the corresponding periods of last year by 14 per cent, as revealed in a statement issued yesterday by R. E. Ballard, president of the company.

Net earnings available for dividends and depreciation after all other charges, totaled \$11,886,352 for the first eight months as compared with \$10,384,585 for the same period of 1927, a gain of \$1,501,767. The increased earnings are applicable to a larger amount of stock outstanding this year.

Gross earnings for the eight months aggregated \$23,164,739, as against \$20,272,448 for the corresponding period of the preceding year, an increase of \$2,892,291, or 14 per cent. After operating expenses and taxes, net operating earnings totaled \$15,862,572, as compared with \$13,799,792, an increase of \$2,062,780, which is also a gain of 14 per cent.

Earnings for the month of August, last, continued at the same rate of increase shown in the eight months' operations. Gross earnings for the month aggregated \$3,129,625, as against \$2,737,416 in August, 1927, an increase of \$392,209, or 14 per cent. Net operating earnings for the month totaled \$1,884,762, as compared with \$1,654,782 for the same month last year.

After fixed charges the balance remaining for dividends and depreciation amounted to \$1,569,112. This is a gain of \$14,530 over the same month last year when the net amounted to \$1,554,582.

Profits of San Diego Gas Gain

July gross income of the San Diego Gas and Electric Company aggregated \$463,926, as compared with \$463,085 reported for the corresponding period a year ago, it was announced yesterday. This represents an increase of \$841, or 0.2 per cent. Operating expenses totaled \$284,225 against \$290,928 for the same period a year ago.

Interest amounted to \$67,043, against \$67,125 last year. Depreciation and amortization were reported at \$71,109, compared with \$69,229. Preferred dividends totaled \$38,706, while common dividends aggregated \$89,292, against \$91,707 last year. Amount to surplus was fixed at \$39,964, against \$39,726 a year ago.

## SEVEN WIRE HOUSES HERE

Purchase by Wilcox Drake & Co. of New York Seat Gives Los Angeles Three Home Offices

BY EARLE E. CROWE

Purchase of a seat on the New York Stock Exchange by James Wilcox Drake of Los Angeles, announced yesterday afternoon in the news dispatches, makes this city the headquarters for three houses with New York memberships. Including Wilcox Drake & Co., there now are seven New York houses doing business in Los Angeles, the other four operating branch offices.

Recalling the remarks the other day of Kenneth C. Horate, managing editor of the Wall-street Journal, it is likely that more New York brokerage concerns will open here. Mr. Horate said that 10 per cent of the normal day's volume on the New York Stock Exchange originates in Los Angeles and San Francisco, or about 300,000 shares. Moreover, he expressed the opinion that Los Angeles is a larger producer of New York business than San Francisco, and will continue to hold the lead because of the seasonal residence here of wealthy easterners.

LOCAL HOUSES FEEDERS

Besides the brokerage companies with memberships, there are dozens of local houses feeding them with New York orders. The nonmember brokers receive the difference between the regular New York rate and the Pacific Coast rate as commission for handling this business.

H. J. Barneson & Co., and Graves, Banning & Co. are the other two houses maintaining headquarters in Los Angeles. The Wilcox Drake & Co. seat is posted for transfer at the new record price of \$15,000, which compares with \$10,000 for the Graves and \$18,000 for the Barneson seat.

Other New York members operating branches in this city are E. F. Ruiton & Co., Logan & Ryan, and E. A. Pierce & Co., each of which maintains additional offices in various sections of the city and in the near-by communities. Waldb, O'Connor & Co., with headquarters in San Francisco, operates one branch in Los Angeles.

At various times in the year the order wires running out of Los Angeles carry the business of some of the largest operators in the country. W. C. Durant, Chief Durant, George W. Whelan, the Fisher Brothers and others are members of the Wall-street colony who place business from here frequently in "topicality" of Los Angeles is also recognized as an influential figure in the New York market.

## Tract Bought for New Aero Engine Plant

E. M. Smith, president of the Emeco Aero Engine Company, announced yesterday the purchase of eight acres of land at South Gate for the site of a proposed \$250,000 manufacturing plant which will be erected immediately. The price paid for the property was approximately \$70,000.

Development by the Packard Motor Car Company of an oil-burning airplane engine will in no way affect the future plans of Mr. Smith's company, he stated. Emeco Aero Engine Company was incorporated under the laws of California recently to manufacture an oil-burning, or Diesel-type airplane engine to power the larger aircraft. Plans of the company are to manufacture this type of motor on a large scale, production of which should be started within six months, he said.

Mr. Smith will leave Friday for Europe, where he will sail for Europe to be gone two months, during which time he will visit various factories manufacturing Diesel engines. He will also study all the latest developments of this type of motor, which is being adapted for use in automobiles in Europe.

## Net Earnings of Universal High

DETROIT, Sept. 20. (Exclusive)—Universal Products Company reports net profit of \$238,461 after all charges, depreciation and Federal taxes for the eight months ended August 31, last, equivalent to \$4.23 a share on the 50,000 shares of no par common stock outstanding. The company has no preferred stock and no funded debt.

Net earnings for this period set a new record for the company but were more than 50 per cent greater than the entire year of 1927. Net profit for 1927 amounted to \$222,507, equal to \$2.78 a share on the present outstanding common.

## FISH SCALES TO BE USEFUL PRODUCT

Scraping fish which heretofore has been regarded as a waste product, is being developed by a new company for use in the manufacture of a new type of window glass. The company, which is located at Long Beach, is said to have secured a patent for its process. The new glass is said to be stronger and more resistant to heat than ordinary glass.

## LISTINGS ON CURB MART ANNOUNCED

Crystallite Products and Sugarman Mines Called for Trading

Common stock of Crystallite Products Corporation, executives of which are closely affiliated with Claude Neom Electrical Products, Inc., together with stock of Sugarman Mines, Inc., will be called for trading Monday next on the Los Angeles Curb Exchange, Philip S. Leo, secretary and manager, announced yesterday.

Crystallite Products has an authorized capital of 1,000 shares of 1 per cent cumulative preferred of \$100 par value, and 50,000 shares of common of no par value, of which all of the preferred and 40,000 shares of common are outstanding. The company is engaged in the manufacture of electrical display signs for use in electrical display signs and other blown and molded glass products.

Sugarman Mines is capitalized at 2,000,000 shares of 10 cents par value each, of which 1,775,000 shares are outstanding. The stock is not a regular dividend payer.

The company's mines are located near Sonora, and during various periods of operation in the past have produced a few hundred thousand dollars worth of gold, it was stated. Officers include R. H. Nelson, president; Raymond, vice-president, and R. H. Nelson, secretary-treasurer. C. R. Watson is in charge of development work.

## Borrowings of Brokers Near High for Year

WASHINGTON, Sept. 20. (AP)—Loans to brokers and dealers here by the New York Federal Reserve member banks for the week ending the 19th inst., were announced by the Federal Reserve Board today as \$4,470,478,000, representing an increase of \$1,000,000 as compared with the preceding week. The loans for the week ending the 21st inst. were \$4,528,750,000.

The annual distribution of the loans over the three weeks dealt with in the board's report was:

Week	Loans
For two weeks ending Sept. 18, 1928	\$4,470,478,000
For two weeks ending Sept. 11, 1927	\$1,100,000,000
For two weeks ending Sept. 4, 1927	\$1,100,000,000

## NORTHCOTT IN VANCOUVER JAIL

Sister Feared to Have Met Foul Play

Extradition Proceedings to be Expedited

Riverside Grand Jury Will Meet This Morning

(Continued from First Page)

That city as disposal of the woman is in the hands of Alberta police and Riverside authorities.

Northcott, dispatches said, was more or less a harmless looking individual as he stepped from the train shackled to Max Leroux, giant French-Canadian constable, but the sight of newspaper photographers installed into him some of the spirit which Riverside authorities may have caused his few ranch neighbors there to fear him.

**PHOTOGRAPHERS FOUGHT**

"You can't take pictures of me, there's been too much publicity over this affair already," Northcott shouted as flashlights boomed. The photographers got their pictures, however.

Throughout his train ride from Kamloops, where he was taken and held in jail Wednesday night after his arrest on the train between Okanagan Landing and Vernon, Northcott was intensely interested in newspaper accounts of the case in which he has become the central figure. His guards reported on arrival at Vancouver.

When arrested the youth, who was known here as a fastidious dresser, was attired in a nondescript lounge suit in need of a pressing, reports said.

**JURY ACTION HINTED**

Assistant Chief Deputy Sheriff Bright announced that if the stains in the Britania-street house are found to be human blood, there will be asked to carry the matter to the county grand jury and request an indictment against Northcott for the murder of the unidentified Mexican. Pending the action, however, will await disposition of the Riverside charges.

Sanford Clark, whose story of the alleged human butchery led to the charges against the Northcotts, told police that Northcott told him of killing and decapitating a Mexican. The head, Clark said, was carried to the chicken ranch and buried. He stated that he aided Northcott in destroying it.

Police believe this murder took place in Los Angeles county.

**FATHER ASKS PUNISH**

Belief that Cyrus G. Northcott, father of the accused youth who now is held in the Riverside jail as a material witness, may know more than he has told was strengthened yesterday when the elderly man requested pencil and paper in order to make a complete statement.

His request, however, was refused because of an order issued by Investigator Quinn that no one but he was to be allowed to question the man. Northcott was told to await Quinn's return to Riverside.

The investigation, said J. Clark Sellers, criminologist, left Los Angeles shortly after noon yesterday with young Clark for Riverside.

A new clue toward establishing whether Louis and his father, Winlow, 11 and 12-year-old sons of Mr. and Mrs. K. N. Winlow of Pomona, were murdered on the ranch, as asserted by Clark, was found yesterday afternoon by Mr. Sellers and his aide.

**NOTE EXAMINED**

A minute examination of a note written to the Winlows by their sons shortly after they disappeared was found to have been on a paper which the experts said was the fly leaf of a small book, probably a juvenile reader. The day following Clark's revelations a small book drawn from the Pomona Public Library on May 12, last, seven days before the Winlow boys' disappearance, was found in the asserted torture room at the ranch.

Deputy sheriff learned yesterday that the mine they inspected Wednesday near the Mint Canyon cabin rented during last April and May by young Northcott is not the one where he told Clark he aided in killing a miner, but that the one sought is several miles farther over the mountains.

Today another expedition by deputies will be taken into the hills in an effort to ascertain where this asserted murder took place.

**SHOOT TO BE DRAGGED**

According to the information received yesterday, the mine referred to by Northcott is an abandoned borax mine with a shaft more than 300 feet deep, the top of which now is covered with boards and dirt. This shaft is to be dragged today, the officers said.

Establishing the identity of the youth who has been masquerading as Walter Collins, as Arthur Hutchins of Marion, Iowa, gave strength to Clark's contention that the Collins boy was kidnapped and taken to the Riverside ranch, police said. Collins, according to Clark, was the first to be slain there. The Winlow boys' death, he maintained, took place more than a month later.

Police yesterday recalled that when Clark, who is 15, was brought face to face with the pseudo Collins, he branded "Collins" as an impostor and insisted he had seen the youth slain at the Northcott ranch.

**STORY NEVER VARIES**

Clark's story has been attacked from every angle, and despite nearly an incessant barrage of questions thrown at him since he told his horrible and fantastic tale, his story has never varied.

Collins and the Winlow boys' pictures were picked from twenty-seven others arrayed on a table for Northcott after Clark first told his story, and the boy unhesitatingly picked out the three named youths.

Clark's description of the Winlow boy's death, he maintained, was the first to be slain there. The Winlow boys' death, he maintained, took place more than a month later.

Police yesterday recalled that when Clark, who is 15, was brought face to face with the pseudo Collins, he branded "Collins" as an impostor and insisted he had seen the youth slain at the Northcott ranch.

**BULLET UNIDENTIFIED**

Identification of the .32-caliber bullet taken from the headless Mexican's body as having come from the rifle belonging to Northcott is nearly impossible, Capt. Edward Crossman, ballistic expert, said last night after

## MORMON LEADER AIDS WORK

Shovel Wielded at New Tabernacle

Heber J. Grant 'Digs In'

**PTORING** in with a shovel to help level the grounds surrounding the nearly completed \$210,000 tabernacle of the Latter Day Saints at Country Club Drive and Manhattan Place, Heber J. Grant, national president of the denomination, visited the office for the first time yesterday.

Mr. Grant arrived here last Tuesday from his headquarters in Salt Lake City and left last night for San Francisco. He will return here for dedication ceremonies of a

an exhaustive examination. The bullet was too soft to register markings from the rifle barrel. It did come, however, from the same make of rifle, Crossman stated.

Sloan Piser, an Alhambra attorney, reported to authorities yesterday that young Northcott appeared at his office three weeks ago and told him he wanted an attorney to present a deposition of Clark. He did not retain Piser, however, and after one other visit, never appeared at the attorney's office again.

## ENIGMA BOY'S RIDDLE SOLVED

(Continued from First Page)

Intensive search for the boy but without result.

The boy's mother was separated from his father several years ago, according to information received here, and married Donald Christie, a salesman for the automobile firm named by the boy. Before her death she requested that her son be located and returned home.

She was complied with but Hutchins, following his divorce, had remarried and young Arthur, dispatches said, did not get along well with his step-mother. His relatives declared they have spent considerable money attempting to locate the incorrigible youth and will take steps immediately to have him returned home.

**RECORD ENIGMA**

If this identification proves correct, it will end one of the strangest juvenile cases on record here, officials stated. The youth was brought to the attention of local police last month when the officers were informed by De Kalb (Ill.) officers that the missing Walter Collins, son of Mrs. Christine Collins of this city for whom a nation-wide search had been made since March, was being held by them.

After Mrs. Collins identified photographs of the youth, he was returned here and continued his pose as the missing boy, despite the skepticism of the mother. His story of kidnapping and the trip to the East were attributed to a blow which he said he received on the head and despite the fact that he was under constant observation by medical experts, his story was not shaken until Mrs. Collins returned him to juvenile authorities last Saturday with the declaration that "this is not my son."

In the meantime efforts to establish the boy's identity were intensified when Sanford Clark told police that his uncle, Stewart Gordon Northcott, had killed Walter Collins on the Riverside murder farm. Persistent questioning by Captain of Detectives Jones brought forth his last admissions which, it is believed, solve the mystery of his identity, but the whereabouts of Walter Collins still remains a mystery.

**PLAUSIBLE TALE**

The lad's statement yesterday, morning, taken after he told Captain of Detectives Jones he was ready to tell the truth, was accepted as the most plausible tale he has yet told, and started the check in the Iowa city.

The lure of the motion-picture capital in Southern California was the magnet pulling the enigma boy toward California from his Iowa home, he told Capt. Jones.

On reaching De Kalb, Ill., where he was taken into custody, Collins, the idea to assume the Collins boy's identity was born from the chance remark of a diner in a cafe there, who told him he believed he was the kidnapped Walter Collins.

"You see, it was the only way I could get out of my predicament," Mrs. Collins wrote to me and I got much of my information from her."

The boy yesterday threatened a "lying barrage" if returned to juvenile hall and declared he would "never tell the truth if they keep me there."

When he announced he is the Hutchins youth, the lad told officers he was born December 30, 1916, which would make him nearly 12 years old.

## COUNCIL DENIES DRAIN PROTEST

Construction Ordered on Third Section

Arroyo de la Sacatela System Discussed

Nordskog Refused Chance to Give Views

(Continued from First Page)

The City Council yesterday spent nearly the entire day hearing protests against the construction of the \$1,500,000 third section of the Arroyo de la Sacatela storm drain. The Council's action was to deny the protests and order the construction to proceed.

The other two sections of this storm-drain system, which provide drainage for most of the western residential section of the city including the Hollywood and Wilshire, Silver Lake Boulevard, Bimble and Vermont avenue districts, have been completed.

The legal protests represented 18 per cent of the estimated cost, while those filed after the final protest date raised the total to 26 per cent. A large delegation of property owners from the Silver Lake Boulevard and East Hollywood districts, in support of this bill read correspondence between Nordskog and W. W. Watterson, one of the convicted Watson brothers of Owens River Valley, in which Nordskog was to write and speak for pay in Los Angeles in support of the Owens River opponents of the Los Angeles Water Department. Nordskog was not permitted by President Bonelli to speak on the ground that Nordskog is not a property owner in the district.

Some of the opponents of the storm drain shouted their disapproval of the president's ruling, but Nordskog was escorted to his seat by Sergeant Al-Arma Daniels and the hearing continued with property owners addressing the Council.

## MAIL TO BE FLOWN SOON TO MEXICO

Plane Service by Way of Laredo, Tex., Will Start on October 1, Next

Air-mail connection between the United States and Mexico will be made on October 1, next, it is announced in a bulletin of the United States Postal Department. On that date this government will establish an air-mail service between San Antonio and Laredo, Tex., which in turn will provide connection with the route of the Mexican government.

The route provides direct connection by Fort Worth with the air-mail route north serving points on routes CAM-3 and 17, and connecting lines, including the cities of Kansas City, Cleveland, Chicago and New York.

A Southern mail will leave Dallas at 7:45 a.m. and will reach Laredo at 12:35 p.m. A transfer will be made and the air-mail plane from Nuevo Laredo will take off at 2:30 a.m., arriving in Mexico City at 8:40 p.m.

Mail leaving Mexico City at 8:15 a.m. will arrive in Nuevo Laredo at 6:35 p.m., while the United States mail will leave Laredo at 2:30 p.m. and will arrive at Dallas at 7:35 p.m.

## Widow Inherits Most by Will of Hotel Man

The will of John B. Coulston, hotel man, of Pasadena, who died August 2, last, was filed yesterday for probate, the petition being presented by Attorney John Perry Wood, in behalf of Lillian Coulston Collins, a daughter, who is named as executrix.

The only estimate of the value of the estate shown in the petition is the formal statement that it exceeds \$10,000. Coulston was reported to be wealthy.

The will bequeaths one-half of the estate to the widow, Nora S. Coulston, \$5000 to Lillian Coulston Collins, and the residue in equal shares to Mrs. Collins and her brothers, John T. Coulston and George S. Coulston.

## GRAPE FIESTA RALLY CALLED

(Continued from First Page)

"We want people to become more grape-minded than any other industry has been since the war. The problem is to get more people to use the California grape. If the grower does not prosper the whole state will suffer because of the loss of his enormous purchasing power."

The chambers of commerce of Los Angeles and many Southern cities and many other organizations are supporting the San Gabriel festival. Yesterday Martha Ramirez, a singer in the Mission Play, held the beauty contest that will be held in connection with Yendemia.

## FIBER'S OWNER SOUGHT

W. H. Sprott, schoolboy of Glendora, has a perfectly good carrier pigeon that he is willing to turn over to the proper owner. The bird was found in the Whittier district near Telegraph Road. The marking on the bird's tag was 1281A23800C. The bird was slightly injured. The Sprott telephone number is Covina 484-74.

## ACTOR'S WIFE UNDER KNIFE

Mrs. Ken Maynard, wife of the screen actor, was under the surgeon's knife at Hollywood Hospital yesterday for appendicitis. The operation was pronounced a success and Mrs. Maynard was resting easily last night.

## CUT PRICES AID MISSION PLAY SALES

Advance Offering Makes Coupon Books Available at Half Regular Cost

Management of the Mission Play announced yesterday letters and checks are beginning to come in as a result of the announcement of the special advance seat sale offering coupon books at half price.

The regular admission charge for the Mission Play, according to seating arrangements, is 50 cents, 75 cents, \$1, \$1.50 and \$2. The coupon books have been made up to \$10, \$20 and \$30 denominations to accommodate parties from family groups to clubs and organizations.

The books have been placed on sale at the information bureaus in each of the city's commercial districts in Southern California. They are being offered at half price to stimulate the support of the Mission Play during the coming season. It is redeemable at the box office at its face value for seats priced according to the regular admission schedule.

Additional information may be obtained by calling the Mission Play office, 1211 N. Hollywood Blvd., or by writing for coupon books will be filled promptly.

## WOMEN AID FUND DRIVE FOR LOYOLA

Mrs. Doherty Heads Corps of Workers to Finance New University

Loyola University, in its \$4,000,000 building fund campaign, yesterday was assured of additional reinforcements when about seventy-five women leaders of Los Angeles social and community activities gathered at the Biltmore on the invitation of Mrs. Edward L. Doherty and Mrs. Ben R. Myers to form the nucleus of a women's committee for the drive, which will begin on October 3, next.

Mrs. Doherty was chosen as general of the group. Mrs. Henry H. Linder, business general, Mrs. Arthur Wright, colonel, and Mrs. Frank D. Tatum, major. Additional officers will be designated later.

Father Joseph Sullivan said that the establishment of the new university in the Del Rey Hills is an attempt to do something that will not only prove a benefit to the present but will affect future generations.

The training that Loyola gives to the hearts, minds and bodies of the boys who come to the university will help to stay the avalanche of "isms" which is sweeping over the country.

Joseph Scott stressed the points that we must have schools for our boys where they can be in the atmosphere of manliness and where respect for the dignity and virtue of womanhood is ingrained in their hearts and minds.

Mrs. Edward D. Roberts, Mrs. James Donovan, Mrs. Doherty, Mrs. Linder, Mrs. Wright, Mrs. Tatum, Mrs. Arthur Wright and Father Bell also spoke.

Harry R. Bogart outlined the campaign system and work already accomplished.

## PRISON TRIP FOR KELLEY ON TONIGHT

Butcher After Visit by His Mother Declares: "They Won't Hang Me"

Leo Pat Kelley, convicted slayer of Mrs. Myrtle Melius, wealthy Wilshire society matron, will be taken to San Quentin prison tonight by deputy sheriffs. He has been sentenced to be hanged November 23, next.

Kelley spent nearly an hour yesterday in a farewell visit with his mother, who called at the County Jail to see him. After the visit the prisoner was returned to his cell, where he is kept under observation by a special guard at all times.

"They won't hang me," Kelley said as the officers looked him up. "I'm certain that the Supreme Court will grant my appeal and reverse the decision of the lower court."

When Kelley was sentenced to death, S. S. Hahn, his attorney, gave oral notice of appeal.

## New Necktie Stirrs Interest

BY OLIVE GRAY

Architectural appreciation and originality are embodied in the new cravat designed by Desmond's. The first offering of this new necktie for men now is on display in a Broadway window at Desmond's and creates much interest.

A plastic model of the City Hall center the exhibition, around which are shown many examples of the new cravat. Against backgrounds in the newest autumn colors—reds, wine shades, blues in both deep and tender tones, greens, browns and browns tones—the outline of the City Hall appears in a contrasting tone.

**POOL RECEIPTS GAIN**

Receipts from the seven swimming pools conducted by the playground department totaled \$25,978.08 for the year up to the end of last week, according to reports by Superintendent Hjelte to the Playground and Recreation Commission. The receipts for the same period of 1927 were \$20,808 and for 1928 they were \$18,600.

## SWEENEY GOES TO SERVE TERM

Tax Agent Fails to Amplify Craft Ring Charges

Under Sentence of Two to Twenty-four Years

Anxious to Begin Stay at State's Prison

(Continued from First Page)

Edward E. Sweeney is scheduled to be taken to San Quentin prison today without fulfilling his promise to expose an asserted wholesale graft ring in the City Hall and to amplify numerous charges made by him during his trial on charges of embezzling approximately \$300,000 from the Southern California Gas Company while he was employed as land and tax agent.

Sweeney is under sentence of from two to twenty-four years in San Quentin prison.

Yesterday morning Sweeney appeared before the grand jury for fifteen minutes merely to certify the copy of the transcript taken during his trial and reaffirm the charges made at that time. After this brief appearance Sweeney retired to the private office of George Holman, grand jury investigator, where he dictated a synopsis of the charges he made in court.

"I made no attempt to expose any facts other than those I mentioned during my trial," Sweeney said afterward. "I am ready to go to San Quentin to start serving my sentence at once, and don't want to spend any more time than necessary in the County Jail."

"I believe that I was given a fair trial and am very well pleased with the way Superior Judge Yankovich conducted the case."

**PROTEST ACTION POSTPONED**

The City Council yesterday postponed action until October 3 on consideration of the protests against the ornamental lighting of Pasadena avenue from San Pascual avenue to York Boulevard.

## TRIAL OF LEWIS NOW UNDER WAY

Oil Company Head and Two  
Others Accused

Aiken, Fourth Defendant,  
Pleads Guilty

Canadian Legislator Tells of  
Rosy Pictures

Pictures of spouting oil wells, large  
Pacific Coast docks and many gaso-  
line filling stations in the West were  
presented to Canadian investors of the  
Lewis Oil Corporation, according to  
William Baldwin, wealthy mer-  
chant and lumberman of Quebec  
and a member of the Canadian Par-  
liament, in giving some of the first  
testimony yesterday in United States  
District Judge Henning's court at  
the trial of S. C. Lewis, former head  
of the Lewis company, and once  
president of the Julian Petroleum  
Corporation; Jacob Berman, alias  
Jack Bennett, and C. O. Steppes.  
John B. Aiken, also accused in the  
charges, pleaded guilty soon after  
the trial began.

The four were accused of using  
the mails to defraud in connection  
with the promotion and merger of  
the Lewis company with various oth-  
er companies, and are said to have  
obtained about \$1,000,000 in carry-  
ing forward their plans.

INVESTMENT DESCRIBED  
Mr. Baldwin, the first important  
witness to be placed on the stand  
by U. S. Atty. McNab and Asst.  
U. S. Atty. Peterson, said Steppes,  
Aiken and a man he knew as Ben-  
nett and later identified as Berman,  
"the bright young man" of the Julian  
company, visited him several times  
and said that seventy companies  
had merged with the Lewis com-  
pany, and that the company had  
many docks on the Pacific and  
many retail filling stations, not to  
speak of oil wells. He invested \$30-  
000 worth of stock of the Canadian-  
United States Oil and Refining  
Company in the Lewis company, he  
said. Mr. Baldwin will resume his  
testimony this morning.

June McDermitt, former secretary  
for Lewis at the time of his promo-  
tion of the Lewis Oil Corporation,  
a New York and Delaware com-  
pany, was the first witness after  
some time was taken up in obtain-  
ing a jury and two alternates. She  
identified the minutes of the Lewis  
company, which were read into the  
court record.

THREE SURPRISED  
Lewis, Berman and Steppes ap-  
parently were surprised, shortly af-  
ter the jury was selected, when  
Aiken, through his attorney, pleaded  
guilty to the charge of misuse of  
the mails. The three defendants  
half-rose in their chairs and sat  
back as if taken unaware. Time  
for sentence for Aiken was put  
over until the trial ends.

In his opening statement to the  
jury, Asst. U. S. Atty. Peterson said  
the Lewis Oil Corporation was au-  
thorized to sell \$500,000 worth of  
stock, but sold \$1,000,000 in the  
United States and Canada. This  
was done, he said, by the issuance  
of gold notes of the Lewis com-  
pany. At one time, he stated, \$300-  
000 worth of these gold notes were  
"held in suspense," or taken out  
and not accounted for.

Lewis is acting as his own at-  
torney.  
The jury chosen to try the case  
is composed of the following:  
R. V. Musco, Edwin S. Kemp, Basil  
P. Cheshire, Archie M. Parker,  
Arthur E. Pest, James O. Smith,  
William A. Barker, Dudley G.  
Rives, Fred R. Kellogg, Lon P.  
Chapin, James A. Riley and Charles  
W. Hill. The alternate jurors are  
John T. Fitzgerald and James W.  
Riley.

## PLANS FOR RADIO RALLY COMPLETED

Gov. Young Visits City to  
Perfect Arrangements for  
Broadcast Tomorrow

Gov. Young, arriving yesterday in  
Los Angeles, completed arrange-  
ments between Republican leaders  
of Northern and Southern Califor-  
nia for the State's first political  
radio rally. The affair will take  
place tomorrow evening at the Pal-  
ace Hotel in San Francisco and  
at the Alexandria Hotel here.

A tie-up has been completed be-  
tween KFI at Los Angeles, Gov. Young  
KFI at Los Angeles. Gov. Young  
will talk at the San Francisco rally  
from 8 to 8:30 o'clock and Joseph  
Scott will be before the microphone  
in Los Angeles during the next thirty  
minutes.

Other speakers at the Los Angeles  
Hoover banquet and rally will be  
Lieut.-Gov. Fiske and Representa-  
tive Swing. The affair here has  
been arranged by the Southern  
California Hoover headquarters at  
the Alexandria Hotel, where tickets  
for the banquet and rally may be  
obtained.

## GEN. BOOTH LOOKS OVER DEFENSES

Assistant Chief of Staff  
for Supply Visiting West  
on Inspection Tour

Brig.-Gen. E. E. Booth, assistant  
chief of staff for supply of the  
Army, yesterday inspected the coast  
defenses of Los Angeles at Fort  
MacArthur, Clover Field, at Santa  
Monica, and last night was at  
March Field, Riverside, on the final  
leg of his survey of California  
military establishments.  
Gen. Booth, following his inspec-  
tion of Fort MacArthur, commended  
Lieut.-Col. Willis G. Peace, com-  
mandant, on the splendid material  
condition of the post. He explained  
that his visit in California has been  
chiefly to familiarize himself with  
army real estate in the Pacific area  
in connection with the new War  
Department development program.  
He has inspected seventeen army  
posts and flying fields in California  
and Fort Douglas, Utah, and will  
leave for Washington by rail at 3  
o'clock this afternoon.

## JEALOUSY HELD MURDER MOTIVE

Morris Cohen Goes to Trial  
in Liquor Poisoning

Remark Made to Girl Believe  
Cause of Death Plot

State Charges Attempt to  
Purchase Cyanide

Jealousy was ascribed as the  
motive in the poisoning of Hyman  
Friedman, 72 years of age, of 222  
Indiana avenue, who died after  
drinking poisoned liquor  
left for his son-in-law, Harry Lip-  
shitz, when Morris Cohen, 23-year-  
old junk dealer, went to trial yester-  
day before Superior Judge Hardy  
charged with the aged man's murder.  
Dep. Dist. Atty. Charles Kearney  
made this announcement when he  
made his opening statement to the  
jury charging that Cohen was  
jealous of Lipshitz because of an af-  
fectionate remark he had made to  
Adella Garrick, 4783 Whittier Boul-  
vard, with whom Cohen had been  
keeping company.

The prosecution also announced  
that it would prove that Cohen had  
spent many months studying books  
dealing with toxicology which he  
had borrowed from libraries, and  
had attempted to purchase a pound  
of cyanide from a druggist, but re-  
fused to take it when he found that  
he must sign the "poison book" be-  
fore receiving it. Later, the state  
charges, Cohen returned to the drug  
store and obtained the cyanide in  
some unknown manner, returning  
it a few days later saying that it  
was not the kind of poison he want-  
ed.

Friedman died last July after  
taking one drink from a whisky bot-  
tle that had been left in a bag of  
groceries in Lipshitz's automobile.  
Lipshitz, after finding the package,  
had left it with Friedman.

## WIDENING OF BOULEVARD ABANDONED

City Council Orders New  
Santa Barbara-Avenue  
Project Proceedings

The present proceedings for the  
widening of Santa Barbara avenue  
were ordered abandoned yesterday  
by the City Council and the City  
Engineer instructed to present new  
proceedings for the widening of the  
avenue from Main street west to  
Third avenue. The section from  
Main street to Moneta avenue is to  
be ninety feet wide and that from  
Moneta avenue to Third avenue is to  
be 100 feet wide.

Most of the protests against the  
present proceedings came from east  
Main street. Under the new  
plan this section of Santa Bar-  
bara avenue east of Main street can be  
widened when the property owners  
there desire the proceedings for  
this section. Councilman  
Davis explained to the property  
owners present that under the new  
plan the entire allocation of general  
funds toward the cost of the entire  
Santa Barbara-avenue widening is  
preserved. The western section will  
receive \$221,210 and the eastern  
section will receive \$204,070 from the  
major traffic bond fund.

## MUNICIPAL AIR BUREAU ADVOCATED

Council Committee Urges  
Creation of New Position  
as Mines Field Director

Preparatory to the city's taking  
over on October 1 of Mines Field  
as the Los Angeles municipal air-  
port, the City Council's Finance  
Committee yesterday recommended  
the creation of a new department,  
to be known as the department of  
airports. All activities at the air-  
port, including personnel, rental of  
space, construction of hangars and  
dispatching of airplanes, would be  
in charge of this department.

The committee also recommended  
the creation of the position of  
director of airports, who is to be the  
manager of the field and of the de-  
partment. The salary recommended  
is \$400 a month, and the position  
is to be under civil service. This  
organization was recommended to  
the city by Department of Com-  
merce aviation experts.

The committee's report will be  
considered jointly by the Person-  
nel, Airport and Finance commit-  
tees.

## Botanic Garden Will Help Solve Desert Problem

Economic agricultural problems  
attending the construction of the  
Colorado River dam will be solved  
through agencies such as the Cal-  
ifornia Botanic Garden, according to  
Dr. E. D. Merrill, director of the  
garden.  
Through the Botanic Garden, Dr.  
Merrill points out, experts will in-  
vestigate conditions before the land  
is reclaimed and advise the growers  
as to the feasibility of certain  
crops. Another function of the  
garden would be to advise what  
plants are best suited to the land.  
At the present time extensive  
tests are being made in Mandeville  
Canyon on forage crops with the in-  
tention of making our desert lands  
productive.

EX-ARKANSANS TO MEET  
The Arkansas State Society of  
Southern California will have its  
first monthly meeting for the fall  
season at Roosevelt Hall at 8 p.m.  
today. The hall is at 730 South  
Grand avenue.

# BULLOCK'S

and

## How To Keep It

holding or frequent passages of gas from the bowels; the gas "balloons" your bowels and presses so hard on the kidneys that it gives you pain, nervousness, stiffness in the small of your back over your kidneys, making you think you have kidney trouble; at night the gas in your bowels presses upon your bladder making you get up frequently, thus breaking into your sleep. In the morning you are tired instead of refreshed. Gradually your health is injured. Your complexion becomes sallow, muddy or yellow—your skin may be disfigured with liver spots or pimples; dark rings may appear under your eyes, you may become sleepless, restless and irritable or blue and melancholic. You may have frequent colds or dull headaches; your bowels stop their free, full and natural action; you have constipation, fermentation, gas, putrefaction and self-poisoning or "intestinal toxicemia," as the doctors call it. High blood pressure, with headache and sweating spots, may result from continued neglect.

### How to Make the Bile Flow

But when the bile stops flowing freely, how can we start it up again? The answer is: **Take Calotabs at bedtime and drink water freely the next day.** This formula represents the best thought and experience of the best physicians in every civilized country in the world. No other purgative will do. If you take oils, salts, castors, or the many other simple-laxative syrups, powders and candy laxatives, you are merely wasting valuable time. They only make you feel better for a day or two. They do not remove the cause, for they do not promote the flow of the bile which is Nature's only purgative and intestinal antiseptic. When you take Calotabs you know that you have taken a real, doctor's medicine. It cleans you out thoroughly. Every inch of your twenty-five foot canal, including your stomach, small intestine and large intestine, is thoroughly cleared and washed clean and pure and your bile is flowing freely. Next morning your system feels purified and refreshed and you are feeling fine, with a hearty appetite for breakfast. Eat what you please and go about your work;—there is no danger, for Calotabs are perfectly safe and create no habit except the habit of healthy bowel action.

### What are Calotabs—How do They Act?

Calotabs are composed of a thoroughly purified and refined natural combined with **assulants and correctives.** The calomel increases the flow of the bile from the gall-bladder into the intestines, and also serves as an intestinal antiseptic. Every physician knows that no other medicine can take its place; *there is no such thing as a substitute for calomel.* The assulants act like salts, washing the calomel out of the system and preventing its accumulation and any possibility of danger. The correctives settle the stomach and bowels, preventing nausea, sickening and griping effects. Calotabs, (and water) therefore, give you the combined effects of calomel and salts without the nauseating, sickening, griping and dangerous effects of either.

The medicine chest of every home should be supplied with Calotabs, one of the most important of all family medicines, for it is needed in many cases of sickness, and, if used promptly, may prevent many cases of serious illness.

Avoid disappointment by refusing imitations and substitutes. Your druggist can supply you with genuine Calotabs if you insist. For your protection, Calotabs are marketed in original packages only, having the copyrighted trademark shown above. Family package, containing full directions, only 25 cents.

Young, the principal speaker at the  
Palace banquet.

At 8:30 o'clock the controls will  
be switched to Los Angeles, where  
Lieut.-Gov. Pitts will act as chair-

man. He will introduce Joseph  
Scott, prominent party leader, who  
will speak until 9 o'clock.

The broadcast has been arranged  
by the California Republican State  
Central Committee.

**HOOVER PRAISED  
IN RADIO ADDRESS**

The cause of the "dauntless war-  
rior," Herbert Hoover, against fam-  
ine and anarchy, war and economic  
dislocation, was pushed into the  
front rank of public thought by the  
speech of Representative Fort, sec-  
retary of the Republican National  
Committee, broadcast last evening  
from Washington, D. C., and heard  
by listeners in over 200 cities.

"The Democratic candidate for  
the Presidency of the United States  
has been called 'the happy warrior',  
Representative Fort said, comparing  
the political battles waged and won  
so far, by the Governor of New  
York to the battles of business and  
organization won by Hoover.

"Integrity, leadership, experience  
and ability are the four essential  
qualifications for a President," said  
Franklin D. Roosevelt in his speech  
nominating Gov. Smith," the Re-  
publican speaker continued, adding  
in a quiet voice, "we are willing to  
accept the contrast between the  
candidates."

"There is no man of finer in-  
tegrity throughout the pages of his-  
tory than Herbert Hoover. His in-  
born capacity for leadership has  
raised him to his present position.  
His broad and unusual experience  
and his surpassing ability shall car-  
ry him yet further."

OF BROADCAST TALK**

The weekly Council on Interna-  
tional Relations speaker over the  
Don Lee station, KRLD, this after-  
noon at 4 p.m. will be John P. Cor-  
ran, editor of the "Pac-Man Press-  
man," with the title of "Changing  
China."

**SOPRANO IN  
FAREWELL CONCERT**

Mitsuki Sugawara, Seattle Civic  
Opera Association soprano, will give  
her farewell concert in the Japanese  
Buddhist Church, Los Angeles, at  
8 o'clock tonight. She has been  
heard over KRLD, the Don Lee sta-  
tion, during her summer stay in the  
city.

## The Titan of Trade

"The Embodiment of Mighty Force"

In these five words are summed up the characteristics of the primeval race of Titans. They as adequately describe the Motor Truck, the present Titan of Trade.

THE merchant or manufacturer who buys trucks and light delivery wagons puts this "Embodiment of Mighty Force"—of power and accomplishment back of his business.

He gains efficiency at an economy in cost. He enlarges the community he is able to serve by increasing his range of distribution. He promotes his usefulness to the community by giving a more dependable—a prompter service.

Such service means satisfied customers—more and permanent customers.

The initial outlay of this highly efficient aid to business is not an expense but an investment—and every day without the modern method transporta-

tion means a decided reduction in the possible returns from that business.

A variety of good Trucks, Commercial Cars, Tires and Automobile Accessories of every sort are featured now during the *Special September Used Car Sale*.

Reading the announcements and heeding the advantages offered will prove an investment which will pay dividends in efficiency, economy and increased revenue.

Investigate today's offerings. Increased business efficiency, decreased operating expense, are the rewards of those who consult the classified "Automobiles" columns to solve their transportation problems.

**ASSESSMENT IN COUNCIL**

The assessments to pay for the completed improvement of Eighty-first street from Main street to Broadway will be considered by the City Council this morning.

Nearly 200 tons of ivory were exported from the Belgian Congo in the past year.

Nearly 200 tons of ivory were exported from the Belgian Congo in the past year.

# HE ANSWERS EVERY LETTER

## Doctor's Mail Rivals Film Stars'

Dr. F. M. Lovell and Correspondence

For more than forty years people of Southern California have been hearing how to get and keep good health through the "Care of the Body" department, which is conducted in the Sunday Magazine of the Los Angeles Times. No other health column in America has the distinction in length of service to the public or in diagnosis and cure of its featuring the drugless idea in health education.

Supplementing the "Care of the Body" department, Dr. Philip M. Lovell, conductor of this section of the Sunday Times, conducts a series of health talks over radio KFI and has added a physical culture program for the benefit of radio listeners every morning at 7:30 o'clock. Dr. Lovell's mail each week from hundreds of persons who are read-

ers of the "Care of the Body" department and who join in the radio lectures and exercises outshadows in volume that of many a movie star, yet regardless of the number of inquiries received, each letter is answered, the doctor says. Free health leaflets governing the most of the general diseases are mailed to thousands of people in Southern California by Dr. Lovell's staff each month.

Contact with persons interested in health culture is kept by Dr. Lovell at his regular Thursday-afternoon lecture, which is held each week in the auditorium of the Southwest Building, 130 South Broadway. The lectures and questionnaire periods are given in conjunction with the regular health service of the Sunday Times "Care of the Body" department.

H. Hartman. During the World War period he was Federal manager of the Oregon Short Line and Union Pacific units of the system and in 1920 became vice-president in charge of operation for the Union Pacific system.

Mr. Calvin, a year and a half ago, built a Los Angeles home at 340 McCadden Place and will move there with Mrs. Calvin upon his retirement. He has two sons and two daughters living in Southern California and a daughter in Salt Lake City.

Mr. Williams is a Missourian by birth. He began railroad work as a section man when he was 20 years of age.

Bad weather has caused much damage to crops in Syria during the past season.

## Suit Against Mae Murray Meets Delay

Because both the plaintiff and defendant were absent from the city trial of the law suit brought by Mrs. Sylvia Ulback, beauty specialist, against Mae Murray, motion-picture actress, for \$2125 damages, called for trial yesterday, was continued until November 30.

The action, which was called in the court of Superior Judge Yank-ovich, is one wherein Mrs. Ulback asks \$2125 for back pay she asserts is due her for keeping Miss Murray in the pink of condition while the latter was on a vaudeville tour. She contends the actress did not live up to the terms of a contract she had with her.

Miss Murray in her answer accuses the beauty specialist of breaching the contract.

## Travel by Air Shows Increase

An increase of 80 per cent in the number of passengers carried has occurred since Western Air Express inaugurated its daily round-trip service between here and San Francisco, the company reported yesterday.

"This indicates," the report states, "that the traveling public has approved the new schedule which gives two choices for time of departure, 8 a.m. and 2:30 p.m., with arrival in the north three hours later."

"San Francisco, as well, has taken kindly to the new service, which includes departures from there at 8:30 a.m. and 3 p.m., with arrivals here at 11:30 a.m. and 6 p.m."

"It still is too soon to predict whether the morning or afternoon planes will be the most popular. So far just about an equal number has been carried on each."

## Hearing Starts for Extradition

Hearing on an accusation for extradition of Dr. Erich Bretting, a scientist and former assistant Secretary of Agriculture of Mexico, was started yesterday before the United States Commissioner. Dr. Bretting is accused in Mexico of embezzlement of public funds during 1921 of a sum said to be from \$15,000 to \$20,000.

Dr. Bretting, who is well known as a scientist and served under the late President Obregon, is now being held in the County Jail, where he has been since July awaiting a disposition of his case. The hearing, which is to determine whether or not the defendant will be sent back to Mexico for trial, was continued until today.

## Another Opera to Be Analyzed

"Madame Butterfly," Puccini's opera, will be interpreted at Bullock's tomorrow at 10:30 a.m., by Dr. Kingsley. These Saturday morning interpretations are preparatory for the October Los Angeles Grand Opera season to familiarize lovers and students of opera with the story and music.

## NEW BOARD APPOINTEE TAKES POST

Col. C. A. McCoy Becomes Utilities Commissioner, Succeeding Dr. Locke

Col. Charles A. McCoy, World War veteran appointed by Mayor Croyer as a member of the Board of Public Utilities and Transportation, yesterday assumed his duties, the City Council having unanimously confirmed the appointment. He takes the place made vacant by the resignation of Dr. Laura M. Locke.

The new commissioner served throughout the war in the Twenty-Sixth Infantry, First Division, was twice wounded and received the Distinguished Service Cross for bravery. He also received the Croix de Guerre from France and the Merito de Guerra from Italy. He now is a real estate operator in the Harbor district where his home is at 706 Alma street.

## THEATER FOLK GIVE SHOW TO JUVENILES

Fanchon and Marco and Manager H. E. Wright of Loew's State Theater combined last night to entertain the children at Juvenile Hall, in conjunction with an entertainment offered by Fanchon and Marco and her Joy Oliver. Through courtesy of the theater and the producing concern the famous Meglin Kiddies, in costume, staged a feature performance such as those presented in the Fanchon and Marco idea performed at the theater.

## NEWS OF THE CAFES

A benefit for the Florida Hurricane Relief Fund of the American Red Cross will be given at the Pom Pom, Hollywood, next Sunday night, with a galaxy of stage and screen stars and vaudeville headliners contributing a special program of entertainment, between performances, of the new "Bal Tabarin" revue.

There will be three stars as masters of ceremonies; one each from motion pictures, the legitimate, and vaudeville.

Hals Huggins, director of the Pom Pom, announced yesterday that the entire receipts from this event will be turned over to D. C. McWaters, chairman of the Los Angeles chapter of the American Red Cross.

Acts that have already volunteered their services include Eddie Janis, Orpheum headliner; Camilla Sepette, from the Ziegfeld Follies; Crockett's Mountaineers, singing quintette from the Pantages circuit; and many others in addition to Bob Holman's Orchestra, and the entire Pom Pom chorus.

## CONCERT REBOOKED

So great was the success of the last Sunday evening's concert at the Montmartre Cafe in which Xavier Cugat, Hans Linn and Chief Yow-lachs presented a fine program of vocal and instrumental music, that Eddie Brandstatter has decided to continue the policy. Next Sunday evening Xavier Cugat will feature a South American program of music presenting his internationally famous Argentine stringed orchestra in compositions written entirely by South Americans.

## HORSESHOE SEATS NINETY

Having a seating capacity for ninety persons, the horseshoe counter in Stevens' Coffee Shop located in West Seventh street across from the Commodore Hotel, is said to be one of the largest in Southern California. The counter is equipped with automatic arm chairs and all-night service prevails. There are also many tables for those who prefer table service. "The average American is always in a hurry," Mr. Stevens, proprietor, recently stated, "thus, to insure quick service to our patrons fifty people are regularly employed."

## MOULIN ROUGE RENOVATED

The new "clean-up" week at G. Fred Harlow's Moulin Rouge Cafe, it is reported, "Not only have we renovated the cafe thoroughly but many alterations have been made, adding to the comfort of our patrons." Harlow advises, although improvements have been made the Latin atmosphere still prevails with dancing and entertainment featured evenings.

## ROOSEVELT SEASON OPENS

Celebrating the formal inauguration of the fall season, the first tea dance of the new season at the Roosevelt Hotel tomorrow afternoon will be marked by the attendance of stars of the stage and screen and the socially elite who have made reservations in numbers, according to Fred L. Moore, director of amusements at the film colony hotel.

Many of the notables who have just returned to the studios and social functions from the screen capital are expected to attend the affair. Plans are being made for an elaborate program of new fall musical numbers for the occasion, which will be marked by the presentation of the new gold Roosevelt Medal in the dancing contest.

## LEM OFFERS WOR-CHU-OP

Lem's Cafe, located in East First street near San Pedro street, is one of the oldest Chinese restaurants in the city, having been established in the same location for more than ten years. George Lem, proprietor, is well known as a friend among those prominent in civic and theatrical circles and has been a resident of Los Angeles for forty years. A new Chinese dish, "wor-chu-op," is now being featured there and according to Lem, is meeting popular favor with Americans. All Chinese spices and shrubs used in his cafe are imported from China, thus assuring patrons of genuine Chinese dishes.

**FREIGHT CAR NEEDS SHOW LARGE GAIN**  
**Railway Official Declares More Commodities Will Be Shipped This Fall**  
Freight-car needs of forty-two of the principal commodity shippers in California, Nevada, Arizona and New Mexico for the next quarter will be considerably in excess of the requirements for the same period of last year, G. A. Leithner, district manager of the car service division of the American Railway Association, announced last night on the eve of the quarterly meeting of the Pacific Coast Transportation Advisory Board.  
Between 400 and 500 shippers, wholesale jobbers, bankers and railroad officials from the four States in the district are expected to attend the all-day meeting at the headquarters of the association, 1000 Broadway, San Francisco, each of the forty-two commodity committees, which will include representatives of the leading industries, fruit growers, live-stock men, farmers, lumber men and mining interests, will submit their reports estimating their car needs for October, November and December.  
It is upon advance summaries of these reports that Mr. Leithner declares he is able to forecast the increase in the number of freight cars needed during the next three months. He pointed out last night that the railway transportation season is the most efficient and the best available barometer.  
He also cited the fact that in past years the advance estimates of the commodity committees have come within 2 per cent of being accurate.  
M. J. Gormley, national chairman of the car service division of the American Railway Association, in making the trip from Washington, D. C., to be present at the session, Charles E. Virden, general chairman of the Pacific Coast Transportation Advisory Board, will preside.

**Active Business Year Predicted by Credit Men**  
So-called slack times in the business world being credit to the fore-ground and places it as a vehicle of business salvation more than in times when currency is plentiful, A. C. Hookstraten, newly elected president of the Los Angeles Credit Men's Association, declared at the organization's initial meeting of the year last night at a banquet in the Alexandria.  
The new president predicted an active year for the organization, and accounted the respect with which it is regarded in legal and business circles.  
Leath-Gov. Pitts addressed the 200 members and brought out many facts on the cost of crime to the State and nation.  
The District Attorney's office will not be conducted along political lines when he takes office on December 3, Pitts declared. He declared he wants to make the Los Angeles office the most efficient and courageous of any in the nation. To do this, he said, he will select his subordinates on qualities of honesty, willingness to work and loyalty.  
**Veteran Trainer Near Death in Auto Accident**  
By a "Times" Staff Correspondent  
PASADENA, Sept. 20. (Exclusive)  
DAN O'KEEFE, 65 years of age, widely known as a trainer of race horses for twenty years or more, is believed to be dying in a Pasadena hospital of injuries received in an automobile accident here tonight.  
He was riding in a car driven by Delbert Smith, 18, and his machine was following close behind another driven by F. B. Dearing, when the Dearing machine struck a traffic button at an intersection. Young Smith was unable to avoid a collision with the car ahead and the crash threw O'Keefe into the hood of the machine, where his head struck a piece of iron.  
At the hospital it was stated that the veteran horseman is suffering from a depressed skull fracture and has only slight chance of recovery. He recently has been employed as a caretaker at the Placentia Riding Academy.  
**Bunker Hill Plan Studied**  
A complete investigation and analysis of the Bigelow plan for the demolition of Bunker Hill was started yesterday under the auspices of the City Planning Association. The investigation is being made by a special committee appointed by Hugh R. Pomeroi, president of the association.  
The investigation was authorized at a recent meeting of the association after C. A. Bigelow, president of the Southern California Investment Corporation, sponsor of the plan, explained the project in detail.  
The planning association is interested particularly in what effect the removal of the hill would have on the downtown traffic problem and the development of the Civic Center area.  
**ORGAN RECITALS ATTRACT CROWDS**  
Sibley G. Pease, official organist of the Elks' Temple, is still giving his Sunday afternoon recitals free to the public. The programs begin at 4:30 o'clock and last for one hour. The program for this Sunday is as follows:  
**TUNNELS ORDERED CLEANED**  
The Board of Public Works yesterday informed the City Council that the board has directed the City Engineer to scrub wash and other tunnels and Hill-street tunnels.

**REDUCED RATE EXPLAINED**  
**New Power and Light Price Schedule for Streets and Business Effective November 1**  
Details of the new reduced rates, as announced on the 14th inst., by the Los Angeles Gas and Electric Corporation, and to become effective with meter readings on and after November 1, next, subject to the approval of the State Railroad Commission, were announced yesterday by Addison B. Day, president and general manager.  
"These rate reductions will affect street lighting, commercial and power service," Day said.  
The new street-lighting schedule is on a flat rate basis, and ranges from \$150 per year for ten-watt multiple lamps burning all night to \$60 per year for 10,000-lumen series lamps burning all night. This new rate is equivalent to approximately a 34 per cent per kilowatt-hour meter rate, as compared with the former rate of 4 cents per kilowatt-hour.  
"The commercial lighting rate reduction affects all commercial lighting users whose consumption is less than 1000 kilowatt-hours or more than 41,000 kilowatt-hours per month. This means that about 92 per cent of our commercial lighting consumers will benefit by the new rate," Day said.  
"Power rate reductions will affect about 40 per cent of our power consumers, giving those affected an average saving of about 23 per cent in their monthly bills."  
"The new power rates put a premium on a larger use of electrical energy. The more power used the more the rate is reduced. In some instances this saving amounts to more than 50 per cent over the old rates. The new power rates will be in effect on the 1st of November, giving him an incentive to keep his motor-driven machinery operating for longer periods, thus increasing production and at the same time cutting down power bills."

**Druggist Opens Fire and Routs Pair of Bandits**  
Just as two bandits were about to plunder the cash register after having held up Lester Drake, clerk in a drug store at 1521 South Normandie avenue, last night, the proprietor, Peter Lawson, appeared from behind the prescription case and opened fire on the robbers. Both fled to a car parked across the street where a third man awaited them with the motor running. Lawson fired several shots at the fleeing bandits but succeeded only in wounding the glass front of his store.  
Two motorcycle bandits who halted R. G. Eggleston of 3439 Fernside street as he drove into the street where a third man awaited them with the motor running. Lawson fired several shots at the fleeing bandits but succeeded only in wounding the glass front of his store.  
At Delicio of 1307 West Eighth street reported he had been robbed of \$5 by two bandits who stopped him to inquire how far they were from the 8400 block. After the hold-up the two boarded a car and raced away.  
**Miss Valsted's Funeral Rites to be Tomorrow**  
Funeral services for Myrtle Christine Valsted, who was "Miss Chicago" in 1927, will be conducted tomorrow at 2 p. m. from the Armstrong Funeral Home on Venice Boulevard. The body is to be cremated at Inglewood Cemetery.  
Miss Valsted died Wednesday at the Hollywood Hospital from complications that set in following an operation two weeks ago for appendicitis. She was the daughter of Mr. and Mrs. M. Valsted, who reside in Hollywood at 1818 Whittier avenue.  
Miss Valsted, 18 years of age, came to Hollywood in January to seek a career in motion pictures and was fast gaining recognition when she was stricken. She was sent to the annual beauty contest at Atlantic City in 1927 after being selected from 3000 Chicago girls.  
**Woman Given Cash Balm in Slander Trial**  
Mrs. Lillian Sanford McClurg did make some stirring remarks about Margaret Clark and she will have to pay \$5000 as a penalty for them by the verdict of the jury in Judge Walton Wood's court, which heard Miss Clark's slander suit.  
Miss Clark charged that Mrs. McClurg, in connection with her suit for a divorce from Kenneth Oulick McClurg, referred to her and McClurg together in a manner which damaged her reputation.  
The jury's verdict is peculiar in that while it did not allow Mrs. Clark any "actual damages" it did allow her a judgment for \$5000 as a "punitive" measure. Mrs. McClurg recently was awarded a divorce.  
**Auto-Accident Victim Expires**  
After hovering between life and death since he was struck by an automobile on the 26th inst., Gunner J. Goodman, 58 years of age, of 4655 Caswell street, died last night in the General Hospital.  
Goodman was struck by a car asserted to have been driven by Howard L. Spruce of 1411 Spruce street, South Pasadena. The accident occurred while Goodman was walking across the street in the block on North Huntington Drive.  
**INTERPRETATION OF "FAUST" AT BULLOCK'S**  
A new interpretation of the great drama of "Faust" is to be given by Dr. Bruce G. Kingsley at Bullock's Saturday at 10:30 a. m. These exceptional opportunities given to lovers of music are to stimulate interest and appreciation for the coming Los Angeles grand opera season that will open in the Shrine Auditorium October 3, next. The opera of Marguerite is to be sung by Mrs. Elizabeth Barnard.

**TRUE NAME NOT GIVEN BY SUSPECT**  
**Asserted Counterfeiter Says He's Graduate of Stanford University**  
New interest was injected into the investigation of the asserted counterfeiting activities of James V. Hamm, alias Robert J. Fernalt, 24 years of age, yesterday, when Hamm, according to police, admitted that he is a graduate of Stanford University, a chemist, and that his true identity has not been revealed.  
Hamm was taken into custody Wednesday by Detective Lieutenant Alsup and Wollman after he is asserted to have counterfeited a dozen 50-cent pieces with liquid silver, lead and a plaster of Paris mold. His arrest took place just ten days after he had been released from Leavenworth penitentiary, where he served a year for transporting a stolen automobile from one State to another, according to the detectives.  
Hamm stated, the detectives report, that he served this sentence under an assumed name and that he will never divulge his true identity because of his family's social connections.  
Hamm's arrest was followed yesterday by the arrest of an asserted accomplice, Archie A. Haney, 29, of 2229 South Wall street, at 711 South Normandie avenue, where both are said to have operated the asserted money-making machine.  
**Church Tenor Weds Baptist Choir Singer**  
That J. Malcomson Huddy, popular tenor of the First Baptist Church, and Miss Dorothy Nicholson, also a member of the church choir, outwitted their closest friends was revealed last night when the announcement of their marriage was made at the weekly supper that precedes their rehearsal. Engagements and marriages among their members carry a prestige of a party of a box of candy. Last night a large box was presented with the compliments of Mr. and Mrs. J. Malcomson Huddy. They admitted being married in Santa Ana very recently, but the date is still a secret.  
Miss Nicholson was formerly a supervisor of music for Fresno county and Mr. Huddy is associated with the Edward J. Prosser automobile finance, 1309 South Flower street. The young couple are living at 68 South Clark Drive, Beverly Hills.  
**Hitchcock Asks Greater Giving to Chest Here**  
"Substantial increases this year in subscriptions to the Community Chest, especially on the part of wealthy citizens, are needed in Los Angeles to rank in point of civic humanity with such cities as New York, Philadelphia, Detroit and other cities," declared H. S. Hitchcock, vice-president and general manager of the Baker Iron Works, in a speech before the Community Chest association in the central division of the Community Chest.  
Mr. Hitchcock further declared that "San Francisco with but half our population subscribes virtually as much each year to her Community Chest as we do to ours."  
Activities of the Community Chest are assigned as follows: Richard H. Jeffries, in charge of barbeques and entertainment of Imperial Divan, decorations, and bandages; Richard H. Jeffries, entertainment of ladies, banquets, balls, luncheons and motion-picture parties; Wadley, piano, organ and dancing; dancing; Smith, hotels, registration and information; Bush, automobiles; Gilchrist, business, personal and labor situation; Weaver, Coliseum program, hospitality and entertainment of representatives; Bruner, entertainment of men; Gump, chamber and music; and Morrison, transportation, baggage and provost guard; William F. Jeffries, finances.  
**Man Who Raided Clothes Dyer's Auto Convicted**  
Niley F. Payne was convicted yesterday before Judge Aggeler of a charge of grand theft in connection with the seizure May 15, last, of 1926 worth of clothing from Carroll H. Hoshour, Hollywood cleaner and dryer.  
Payne was asserted to have attacked Hoshour and forcibly to have taken the clothing from the latter's automobile. Hoshour's sister, Velje, who happened to be passing at the time, gave chase and arrested Payne after wounding him twice in a gun battle, according to testimony.  
An additional charge of assault filed against Payne was dismissed after the jury returned its verdict of grand theft. Payne will come before the court the 25th inst. for sentence.  
**SANTA FE SUEW FOR CAPISTRANO ACCIDENT**  
Damage aggregating \$125,000 are asked in three suits filed yesterday in the United States District Court against the Santa Fe Railway. The suits grew out of an accident on May 6, last, between Santa Ana and San Juan Capistrano, when two persons were killed, Dolores Mother sent \$25,000 for the death of her mother, Peter A. Martinez; Juan Godoy sent \$50,000 for the death of his wife, Francis A. Godoy, and \$50,000 for permanent injuries to himself.

# Never Before in Clothing History has Public Confidence Been So Forcefully Demonstrated!

## FOREMAN and CLARK Move!

On Our Way to Our New Rent-  
Free Home Corner 7th & Hill

The same public confidence that makes this the greatest men's clothing sale on record also makes our new, 7th and Hill upstairs store possible. Here advantageous leases on ground and top floors will give us FREE rent—a saving that will be passed to our customers! The blow of every carpenter's hammer at our new store rings with public confidence—which Foreman & Clark promise to merit even more in the future with better facilities for serving the men of Southern California.

Public Confidence Built This New  
Foreman & Clark Home. Open Soon!

### The Public Believed—

Nineteen years of straight dealing with the public has its reward! Never has F&C broken faith with the public that built this \$10,000,000 business from a \$310 start. When we announced this sale the public had no reason not to believe every word we printed!

### The Public Responded—

Never before in the history of the clothing industry has a sale met with such overwhelming response! The public knows F&C quality and value. The public knows that F&C clothes are priced at our factories, making it impossible to mark up in order to mark down for a sale!

### The Public Profited—

Every suit, topcoat and overcoat in this sale has been made by F&C under the famous F&C label—backed by a \$10,000,000 written guarantee and after-purchase service. The public gets the identical merchandise and service that has made F&C famous—only now we say "take 20% off!"

Highest Record in  
Fifteen Years  
One Death Reported in  
Forty-eight-Hour  
Torrid Period  
SAN FRANCISCO, Sept. 21. (Ex-  
posed)—Struck down by the hot-  
ter weather in fifteen years, four  
persons were prostrated by the heat  
today as San Francisco sweltered  
under a mark of 89 deg., the  
hottest day in the three-  
quarters of a century that are list-  
ed on the records of the Weather  
Bureau. In forty-eight hours there  
has been a rise of 24 deg. in tem-  
perature, today having been four  
degrees hotter than yesterday, and  
that time one man has died  
from the heat and four have been  
taken to the hospital.  
The victims were Mrs. Mary  
De Hart, 23; Miss Helen  
De Hart, 21; and Frank Jackson, 56.  
Two of them toppled over in the  
park and the fourth collapsed in  
the lobby of an apartment-house.  
They were revived at Central Emer-  
gency Hospital and sent to their  
homes.  
THREE DAYS HOTTER  
The peak mark was established  
shortly after 3 p.m. It  
has exceeded only three be-  
fore in the history of the bureau.  
The previous records were 87 deg.  
on September 16, 1913; 101  
degrees on June 4, 1904, and 100 June 29,  
1907.  
Only it came on what the al-  
manac gave as the last day of  
summer. Normally, however, Sep-  
tember is San Francisco's warmest  
month.  
The Chabot Observatory in Oak-  
land recorded 89 deg., but at Oak-  
land Municipal airport a mark of  
90 deg. was registered. Down the pen-  
insula, in suburbs which report no  
official readings, family thermom-  
eters went to 100.  
And what was the hottest point in  
the city with an official reading of  
89 deg. No doubt, which was the  
center of the city with 100 deg., in-  
cluded a couple, the mercury slipping  
from the tube to 100.  
At Sacramento and Fresno it was  
90 deg. and at San Jose 100.  
BEACHES SWARMED  
San Francisco's 36, tagging along  
under the century mark, was  
swarmed by beachgoers. The  
beach at Point Reyes, where 75 deg.  
was considered hot, it was  
swarmed by the limited  
number of bay beaches seeking  
relief for a wisp of breeze; mostly  
women. Downtown streets  
were crowded with people dressed in  
summer attire giving the city an ap-  
pearance of the average Southern  
city and town.  
Mrs. Lorraine Debaas was unable  
to get to the beach so she picked on  
the lawn in the Civic Center for  
her bath. A shocked policeman  
sent her out.
